PROXY STATEMENT
FOR THE 2008 ANNUAL MEETING OF STOCKHOLDERS
JUNE 11, 2008

VOTING AND PROXY

This Proxy Statement is being furnished in connection with the solicitation of proxies by our board of directors ("Board") for use at the 2008 Annual Meeting of stockholders to be held at 9:00 a.m., local time, on Wednesday, June 11, 2008 at the Holiday Inn Capitol Plaza, 300 J Street, Sacramento, California 95814, and at any adjournment(s) or postponement(s) of the Annual Meeting. This Proxy Statement is first being mailed to stockholders on or about May 9, 2008.

Our Annual Report on Form 10-K for the year ended December 31, 2007 is being mailed to stockholders concurrently with this Proxy Statement. The Annual Report is not to be regarded as proxy soliciting material or as a communication through which any solicitation of proxies is made. A proxy card is enclosed for your use. The shares represented by each properly executed and unrevoked proxy card will be voted as directed by the stockholder with respect to the matters described in the proxy card. If no direction is made, the shares represented by each properly executed and unrevoked proxy card will be voted "for" each of the proposals listed on the proxy card. Any stockholder giving a proxy has the power to revoke it at any time before it is voted by providing written notice to our corporate Secretary, by issuance of a subsequent proxy or by voting in person at the Annual Meeting. Any stockholder present at the meeting who has given a proxy may withdraw it and vote his, her or its shares in person if he, she or it so desires. However, a stockholder who holds shares through a broker or other nominee must bring a legal proxy to the meeting if that stockholder desires to vote at the meeting.

At the close of business on April 23, 2008, the record date for determining stockholders entitled to notice of and to vote at the Annual Meeting, we had issued and outstanding 41,771,328 shares of common stock held by 190 holders of record, 4,750,000 shares of Series A Cumulative Redeemable Convertible Preferred Stock ("Series A Preferred Stock") held by one holder of record and 2,051,282 shares of Series B Cumulative Convertible Preferred Stock ("Series B Preferred Stock") held by one holder of record. Only stockholders of record at the close of business on the record date are entitled to notice of and to vote at the Annual Meeting or at any adjournment(s) or postponement(s) of the meeting.

Each share of our common stock issued and outstanding on the record date entitles the holder of that share to one vote at the Annual Meeting for all matters to be voted on at the meeting. Each share of our Series A Preferred Stock issued and outstanding on the record date entitles the holder of that share to approximately 1.78 votes at the Annual Meeting for all matters to be voted on at the meeting. Except as to the Preferred Stock Transaction (as defined below), as to which shares of our Series B Preferred Stock shall not entitle the holder thereof to any votes at the Annual Meeting, each share of our Series B Preferred Stock issued and outstanding on the record date entitles the holder of that share to three votes at the Annual Meeting for all matters to be voted on at the meeting.

The holders of a majority of the voting power of our issued and outstanding capital stock and entitled to vote on a proposal at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for purposes of voting on such proposal. Votes cast at the Annual Meeting will be tabulated by the person or persons appointed by us to act as inspectors of election for the meeting. Shares of our common stock, our Series A Preferred Stock and our Series B Preferred Stock represented in person or by proxy (regardless of whether the proxy has authority to vote on all matters), as well as abstentions and broker non-votes, will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

An “abstention” is the voluntary act of not voting by a stockholder who is present at a meeting and entitled to vote. “Broker non-votes” are shares of voting stock held in record name by brokers and nominees concerning which (i) instructions have not been received from the beneficial owners or persons entitled to vote, (ii) the broker or nominee does not have discretionary voting power under applicable rules or the instrument under which it serves in such capacity, or (iii) the record holder has indicated on the proxy or has executed a proxy and otherwise notified us that it does not have authority to vote such shares on that matter.

We will pay the expenses of soliciting proxies for the Annual Meeting, including the cost of preparing, assembling and mailing the proxy solicitation materials. Proxies may be solicited personally, by mail or by telephone, or by our directors, officers and regular employees who will not be additionally compensated. We have no present plans to hire special employees or paid solicitors to assist in obtaining proxies, but we reserve the option to do so if it appears that a quorum otherwise might not be obtained. The matters to be considered and acted upon at the Annual Meeting are referred to in the preceding notice and are discussed below more fully.

PROPOSAL ONE — ELECTION OF DIRECTORS

Our bylaws provide for seven directors unless otherwise changed by resolution of our Board. Directors are elected annually and hold office until the next annual meeting of stockholders and/or until their respective successors are duly elected and qualified. We currently have one vacancy on our Board. Stockholders who desire to nominate any person for election to our Board must comply with our bylaws, including our advance notice bylaw provisions relating to the nomination of persons for election to our Board. See “Information about our Board of Directors, Board Committees and Related Matters—Board Committees and Meetings, Nominating and Governance Committee” below. It is intended that the proxies solicited by our Board will be voted “for” election of the following six nominees unless a contrary instruction is made on the proxy: William L. Jones, Neil M. Koehler, Terry L. Stone, John L. Prince, Douglas L. Kieta and Larry D. Layne. If, for any reason, one or more of the nominees is unavailable as a candidate for director, an event that is not anticipated, the person named in the proxy will vote for another candidate or candidates nominated by our Nominating and Governance Committee. However, under no circumstances may a proxy be voted in favor of a greater number of persons than the number of nominees named above. All of the nominees for director are, at present, directors of Pacific Ethanol and have been nominated by our Nominating and Governance Committee and ratified by our full Board.

We are obligated to cause each person serving from time to time as one of our executive officers, directors or managers, or having such a position with any of our subsidiaries, to execute a voting letter that grants an irrevocable proxy to Cascade Investment, L.L.C., the holder of all of our issued and outstanding shares of Series A Preferred Stock, with respect to securities held by such persons to vote to elect two persons to our Board. As of April 23, 2008, all such officers, directors and managers held an aggregate of 4,909,611 shares of our common stock representing approximately 8.5% of all votes entitled to be cast in connection with the election of members of our Board. In April 2006, Cascade Investment, L.L.C. identified Robert P. Thomas and Douglas L. Kieta as its two director designees, and our Board appointed Messrs. Thomas and Kieta as members of our Board, in connection with the issuance of our Series A Preferred Stock. Mr. Thomas resigned from our Board on October 1, 2007 and a replacement has not been designated by Cascade Investment, L.L.C. Mr. Kieta has been nominated by our Nominating and Governance Committee for election to our Board at the Annual Meeting and we expect that Cascade Investment, L.L.C. will utilize its proxy to vote in favor of his election.

Required Vote of Stockholders

The six nominees receiving the highest number of affirmative votes of the outstanding shares of our common stock, Series A Preferred Stock and Series B Preferred Stock, voting together as a single class, present at the Annual Meeting in person or by proxy and entitled to vote, will be elected as directors to serve until the next annual meeting of stockholders and/or until their successors are duly elected and qualified. Votes against a candidate, abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present for this proposal, but will not be included in the vote totals for this proposal and, therefore, will have no effect on the vote.

Recommendation of the Board of Directors

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ELECTION OF THE SIX DIRECTOR NOMINEES LISTED ABOVE.

Corporate Governance

Our Board believes that good corporate governance is paramount to ensure that Pacific Ethanol is managed for the long-term benefit of our stockholders. Our Board has adopted corporate governance guidelines that guide its actions with respect to, among other things, the composition of the Board and its decision making processes, Board meetings and involvement of management, the Board's standing committees and procedures for appointing members of the committees, and its performance evaluation of our Chief Executive Officer.

Our Board has adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees and an additional Code of Business Ethics that applies to our Chief Executive Officer and senior financial officers. The Codes of Ethics, as applied to our principal executive officer, principal financial officer and principal accounting officer constitutes our "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and is our "code of conduct" within the meaning of the listing standards of NASDAQ. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K relating to amendments to or waivers from provisions of these codes that relate to one or more of the items set forth in Item 406(b) of Regulation S-K, by describing on our Internet website, located at <http://www.pacificethanol.net>, within four business days following the date of a waiver or a substantive amendment, the date of the waiver or amendment, the nature of the amendment or waiver, and the name of the person to whom the waiver was granted. Information on our Internet website is not, and shall not be deemed to be, a part of this Proxy Statement or incorporated into any other filings we make with the Securities and Exchange Commission.

Director Independence

Our corporate governance guidelines provide that a majority of the Board and all members of the Audit, Compensation and Nominating and Governance Committees of the Board will be independent. On an annual basis, each director and executive officer is obligated to complete a Director and Officer Questionnaire that requires disclosure of any transactions with Pacific Ethanol in which a director or executive officer, or any member of his or her immediate family, have a direct or indirect material interest. Following completion of these questionnaires, the Board, with the assistance of the Nominating and Governance Committee, makes an annual determination as to the independence of each director using the current standards for "independence" established by the Securities and Exchange Commission and NASDAQ, additional criteria set forth in our corporate governance guidelines and consideration of any other material relationship a director may have with Pacific Ethanol.

In April 2008, the Board determined that all of its directors and nominees for election at the Annual Meeting are independent under these standards, except for (i) Mr. Jones, who is the father-in-law of Ryan W. Turner, one of our former executive officers who resigned in April 2006, and (ii) Mr. Koehler, who serves full-time as our Chief Executive Officer and President. Robert P. Thomas, a former director who resigned on October 1, 2007, was independent under these standards during his tenure as a director in 2007. Daniel A. Sanders, a former director who resigned on October 8, 2007, was not independent under these standards during his tenure as a director in 2007 as he is the majority owner of Front Range Energy, LLC, an entity in which we are a minority owner and with which we conduct significant business. See "Certain Relationships and Related Transactions" below.

Stockholder Communications with our Board of Directors

Our Board has implemented a process by which stockholders may send written communications directly to the attention of our Board or any individual member of our Board. Mr. Stone, the Chairman of our Audit Committee, is responsible for monitoring communications from stockholders and providing copies of such communications to the other directors as he considers appropriate. Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that Mr. Stone considers to be important for the directors to consider. Stockholders who wish to communicate with our Board can write to Terry L. Stone, The Board of Directors, Pacific Ethanol, Inc., 400 Capitol Mall, Suite 2060, Sacramento, California 95814.

Board Committees and Meetings

Our business, property and affairs are managed under the direction of our Board. Our directors are kept informed of our business through discussions with our executive officers, by reviewing materials provided to them and by participating in meetings of our Board and its committees. During 2007, our Board held 15 meetings. All directors attended at least 75% of the aggregate of the meetings of our Board and of the committees on which they served or that were held during the period they were directors or committee members.

Members of our Board and its committees also consulted informally with management from time to time and acted at various times by written consent without a meeting during 2007. Additionally, the independent members of the Board met in executive session regularly without the presence of management.

It is our policy to invite and encourage our directors to attend our annual meetings. At the date of our 2007 annual meeting, we had seven members on our Board, six of whom were in attendance at our 2007 annual meeting.

Our Board has established standing Audit, Compensation and Nominating and Governance Committees. Each committee operates pursuant to a written charter that has been approved by our Board and the corresponding committee and that is reviewed annually and revised as appropriate. Each charter is available at our website at <http://www.pacificethanol.net>.

Audit Committee

Our Audit Committee selects our independent auditors, reviews the results and scope of the audit and other services provided by our independent auditors, and reviews our financial statements for each interim period and for our year end. Messrs. Stone and Prince served on our Audit Committee for all of 2007. Mr. Thomas served on our Audit Committee during 2007 until his resignation on October 1, 2007. Mr. Layne was appointed to our Audit Committee on December 20, 2007. Our Board has determined that each member of the Audit Committee is "independent" under the current NASDAQ listing standards and satisfies the other requirements under NASDAQ listing standards and Securities and Exchange Commission rules regarding audit committee membership. Our Board has determined that Mr. Stone (i) qualifies as an "audit committee financial expert" under applicable Securities and Exchange Commission rules and regulations governing the composition of the Audit Committee, and (ii) satisfies the "financial sophistication" requirements of the NASDAQ listing standards. During 2007, our Audit Committee held seven meetings. The Audit Committee Report for 2007 can be found on page 20 of this Proxy Statement.

Compensation Committee

Our Compensation Committee is responsible for establishing and administering our overall policies on compensation and the compensation to be provided to our executive officers, including, among other things, annual salaries and bonuses, stock options, stock grants, other stock-based awards, and other incentive compensation arrangements. In addition, the Compensation Committee reviews the philosophy and policies behind the salary, bonus and stock compensation arrangements for all other employees. Although our Compensation Committee makes all compensation decisions as to our executive officers, our Chief Executive Officer makes recommendations to our Compensation Committee regarding compensation for the other named executive officers. Our Compensation Committee has the authority to administer our 2006 Stock Incentive Plan with respect to grants to executive officers and directors, and also has authority to make equity awards under our 2006 Stock Incentive Plan to all other eligible individuals. However, our Board may retain, reassume or exercise from time to time the power to administer our 2006 Stock Incentive Plan. Equity awards made to members of the Compensation Committee must be authorized and approved by a disinterested majority of our Board.

The Compensation Committee evaluates both performance and compensation to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive so that we can attract and retain superior employees in key positions. The Compensation Committee believes that compensation packages offered to our executives, including the named executive officers, should include both cash and equity-based compensation that reward performance as measured against established goals. The Compensation Committee has the authority to retain consultants, and other advisors and in furtherance of the foregoing objectives, our Compensation Committee has engaged Hewitt Associates LLC, a global human resources consulting firm, to conduct an annual review of our total compensation program for the named executive officers and other executives. Hewitt Associates has provided our Compensation Committee with relevant market data and alternatives to consider when making compensation decisions as to the named executive officers and when making decisions as to the recommendations being made by our management for other executives. In making compensation decisions, our Compensation Committee compares each element of total compensation against market data obtained by Hewitt Associates. The Compensation Committee generally expects to set total compensation for the named executive officers at the median of compensation paid to similarly situated executives of the companies comprising the market data provided to us by Hewitt Associates.

Additional information concerning the compensation policies and objectives established by the Compensation Committee is included under the heading "Executive Compensation and Related Information — Compensation Discussion and Analysis" below. The Compensation Committee Report for 2007 can be found on page 29 of this Proxy Statement.

Messrs. Stone and Prince served on our Compensation Committee for all of 2007. Mr. Thomas served on our Compensation Committee during 2007 until his resignation on October 1, 2007. Mr. Layne was appointed to our Compensation Committee on December 20, 2007. Our Board has determined that each member of the Compensation Committee is "independent" under the current NASDAQ listing standards. During 2007, our Compensation Committee held two meetings.

Nominating and Governance Committee

Our Nominating and Governance Committee selects nominees for our Board. During 2007, our Nominating and Governance Committee consisted of Messrs. Stone, Prince and Kieta. Our Board has determined that each member of the Nominating and Governance Committee is “independent” under the current NASDAQ listing standards. During 2007, our Nominating and Governance Committee held two meetings.

The Nominating and Governance Committee will consider candidates for director recommended by any stockholder that is the beneficial owner of shares representing more than 1.0% of the then-outstanding shares of our common stock and who has beneficially owned those shares for at least one year. The Nominating and Governance Committee will evaluate those recommendations by applying its regular nominee criteria and considering the additional information described in the Nominating and Governance Committee’s below-referenced charter. Stockholders that desire to recommend candidates for the Board for evaluation may do so by contacting Pacific Ethanol in writing, identifying the potential candidate and providing background and other relevant information. Stockholders must also comply with our bylaws, including our advance notice bylaw provisions relating to the nomination of persons for election to our Board that, among other things, require that nominations of persons for election to our Board at annual meetings be submitted to our Secretary by the close of business on the 45th day before the first anniversary of the date on which we first mailed our proxy materials for the prior year’s annual meeting. We first mailed our proxy materials for our 2007 annual meeting on or about May 11, 2007 and anticipate mailing our proxy materials for our 2008 annual meeting on or about May 9, 2008. We have received no stockholder nominations of persons for election to our Board for our Annual Meeting.

Our Nominating and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. Candidates may also come to the attention of the Nominating and Governance Committee through current Board members, professional search firms and other persons. In evaluating potential candidates, our Nominating and Governance Committee will take into account a number of factors, including, among others, the following:

- the candidate’s independence from management;
- whether the candidate has relevant business experience;
- judgment, skill, integrity and reputation;
- existing commitments to other businesses;
- corporate governance background;
- financial and accounting background, to enable the committee to determine whether the candidate would be suitable for Audit Committee membership; and
- the size and composition of our Board.

Compensation of Directors

We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on our Board. In setting the compensation of directors, we consider the significant amount of time that Board members spend in fulfilling their duties to Pacific Ethanol as well as the experience level we require to serve on our Board. The Board, through its Compensation Committee, annually reviews the compensation and compensation policies for Board members. In recommending director compensation, the Compensation Committee is guided by three goals (i) compensation should fairly pay directors for work required in a company of our size and scope, (ii) compensation should align directors’ interests with the long-term interests of our stockholders, and (iii) the structure of the compensation should be clearly disclosed to our stockholders.

Cash Compensation

Current Program. On April 8, 2008, and effective as of April 1, 2008, our Compensation Committee approved a new cash compensation plan for directors which provides the Chairman of our Board annual compensation of \$80,000, the Chairman of our Audit Committee annual compensation of \$42,000, the Chairman of our Compensation Committee annual compensation of \$36,000, the Chairman of our Nominating and Governance Committee annual compensation of \$36,000 and the Chairman of our Strategic Transactions Committee annual compensation of \$36,000. All other directors, except employee directors, receive annual compensation of \$24,000. These amounts are paid in advance in monthly installments. In addition, directors are reimbursed for certain reasonable and documented expenses in connection with attendance at meetings of our Board and its committees. Employee directors do not receive director compensation in connection with their service as directors

Prior Program. Our cash compensation plan for directors during 2007 and the first quarter of 2008 provided the Chairman of our Board annual compensation of \$80,000, the Chairman of our Audit Committee annual compensation of \$22,000 and the Chairman of our Compensation Committee annual compensation of \$20,000. All other directors, except employee directors, received annual compensation of \$12,000. These amounts were paid in monthly installments. In addition, directors were reimbursed for certain reasonable and documented expenses in connection with attendance at meetings of our Board and its committees. Employee directors did not receive director compensation in connection with their service as directors.

Equity Compensation

Current Program. We recently implemented a new program for grants of equity compensation to our directors. Following our annual meeting each year, our Compensation Committee or our full Board is to grant equity compensation to our newly elected or reelected directors which is to vest as to 100% of the grants in one year. Vesting is to be subject to continued service on our Board during the full year.

Prior Program. During 2007, we did not have a predetermined or automatic annual or other periodic program for grants of equity compensation to our directors. Equity compensation was granted as and when determined appropriate by our Compensation Committee or our full Board.

Compensation of Employee Director

Mr. Koehler was compensated as a full-time employee and officer but received no additional compensation for service as a Board member during 2007. Information regarding the compensation awarded to Mr. Koehler is included in the "Summary Compensation Table" below.

Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law permits a corporation to indemnify its directors and officers against expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with a pending or completed action, suit or proceeding if the officer or director acted in good faith and in a manner the officer or director reasonably believed to be in the best interests of the corporation.

Our certificate of incorporation provides that, except in certain specified instances, our directors shall not be personally liable to us or our stockholders for monetary damages for breach of their fiduciary duty as directors, except liability for the following:

- any breach of their duty of loyalty to our company or our stockholders;
- acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; and
- any transaction from which the director derived an improper personal benefit.

In addition, our certificate of incorporation and bylaws obligate us to indemnify our directors and officers against expenses and other amounts reasonably incurred in connection with any proceeding arising from the fact that such person is or was an agent of ours. Our bylaws also authorize us to purchase and maintain insurance on behalf of any of our directors or officers against any liability asserted against that person in that capacity, whether or not we would have the power to indemnify that person under the provisions of the Delaware General Corporation Law. We have entered and expect to continue to enter into agreements to indemnify our directors and officers as determined by our Board. These agreements provide for indemnification of related expenses including attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our certificate of incorporation and bylaws may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees regarding which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

Insofar as the provisions of our certificate of incorporation or bylaws provide for indemnification of directors or officers for liabilities arising under the Securities Act of 1933, as amended (the "Securities Act"), we have been informed that in the opinion of the Securities and Exchange Commission this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

**PROPOSAL TWO —
APPROVAL OF PREFERRED STOCK TRANSACTION**

Preliminary Note

A vote of our stockholders is not required by law or other applicable regulations to approve the Purchase Agreement (as defined below) or the transactions contemplated by the Purchase Agreement, including the initial issuance and sale of shares of our Series B Preferred Stock, as described below; provide, however, that approval by our stockholders of the future issuance of dividend shares (“Dividend Shares”) or conversion shares (“Conversion Shares”) as a result of a conversion price adjustment pursuant to the Certificate of Designations (as defined below), or both, may be required pursuant to NASDAQ Marketplace Rule 4350(i) depending on the amount of Dividend Shares or Conversion Shares to be issued in the future under the Certificate of Designations. In addition, under the Purchase Agreement, we have committed to, as soon as practicable, use our commercially best efforts to hold a meeting of our stockholders to approve the Purchase Agreement and the transactions contemplated by the Purchase Agreement, including the future issuance of any Dividend Shares and Conversion Shares.

Regardless of the outcome of this proposal, the issuance and sale of shares of our Series B Preferred Stock, as described below, will remain a duly approved and fully consummated transaction, except that the future issuance of any Dividend Shares and the issuance of any Conversion Shares may be limited as provided in the Certificate of Designations.

If this proposal is not approved, the Certificate of Designations will, without the prior written consent of holders of at least a majority of the then outstanding shares of our Series B Preferred Stock voting as a separate class, limit our ability to enter into any transaction that may nevertheless be deemed to be in the best interests of Pacific Ethanol if that transaction would result in the issuance of Conversion Shares in an amount in excess of the Conversion Limitation (as defined below). Accordingly, we are seeking stockholder approval of this proposal to allow us flexibility to enter into such transactions deemed to be in the best interests of Pacific Ethanol without such prior written consent.

Series B Preferred Stock Transaction

On March 18, 2008, we entered into a Securities Purchase Agreement (the “Purchase Agreement”) with Lyles United, LLC (the “Purchaser”). A copy of the Purchase Agreement is attached to this Proxy Statement as Appendix A. The Purchase Agreement provides for the issuance and sale by us to the Purchaser of (i) 2,051,282 shares of our Series B Preferred Stock, all of which are initially convertible into an aggregate of 6,153,846 shares of our common stock based on an initial three-for-one conversion ratio, and (ii) a warrant (the “Warrant”) to purchase an aggregate of 3,076,923 shares of our common stock at an exercise price of \$7.00 per share, for an aggregate purchase price of \$40 million. Subject to certain limitations described below, the proceeds from the sale of our Series B Preferred Stock and the Warrant are to be used as working capital, including for payments on our construction projects, and for other general corporate purposes. The Purchase Agreement includes customary representations and warranties on the part of both us and the Purchaser and other customary terms and conditions. In addition, the Purchase Agreement provides that we shall not undertake any project or series of projects involving the investment of more than \$1.0 million of new capital, for the acquisition or improvement of a fixed asset which extends the life or increases the productivity of the asset, individually or in the aggregate, which is not already contemplated by our cash flow projections until we repay an aggregate of \$30.0 million in debt loaned to us by the Purchaser in an unrelated prior transaction. We refer to the Purchase Agreement and the transactions contemplated by the Purchase Agreement, including the future issuance of any Dividend Shares and any Conversion Shares as the “Preferred Stock Transaction.”

On March 27, 2008, we closed the transactions contemplated by the Purchase Agreement and issued and sold the 2,051,282 shares of our Series B Preferred Stock and the Warrant to the Purchaser.

The information contained herein is not a complete statement of all provisions of the Purchase Agreement and the related agreements. Statements made in this Proxy Statement with respect to the terms of the Purchase Agreement and such related agreements are qualified in their respective entireties by reference to the more detailed information set forth in the Purchase Agreement and such related agreements, which are attached as Appendices A-E to this Proxy Statement.

Effects on Common Stockholders

The 2,051,282 shares of our Series B Preferred Stock are initially convertible into an aggregate of 6,153,846 shares of our common stock based on an initial three-for-one conversion ratio, which amount represented approximately 10.8% of our shares of common stock outstanding (including shares of our Series A Preferred Stock and Series B Preferred Stock calculated on an as-converted basis) as of March 27, 2008, the date we consummated the issuance and sale of our Series B Preferred Stock. Thus, the issuance of shares of our Series B Preferred Stock has diluted existing stockholders. Also, additional dilution to our stockholders may result from the future issuance of Dividend Shares or Conversion Shares. Dilution may materially and adversely affect our stockholders and the values of their investments in our common stock. In addition, if ultimately issued, Dividend Shares or Conversion Shares could have the effect of delaying, deferring and discouraging another party from acquiring control of Pacific Ethanol, Inc. and would increase the Purchaser's proportion of voting power of all of our issued and outstanding capital stock. See immediately below for a more detailed description of the terms and the rights and preferences of the Series B Preferred Stock.

Certificate of Designations

A copy of the Certificate of Designations, Powers, Preferences and Rights of the Series B Cumulative Convertible Preferred Stock (the "Certificate of Designations") is attached to this Proxy Statement as Appendix B. The Certificate of Designations designates 3,000,000 shares of preferred stock as Series B Cumulative Convertible Preferred Stock. The Series B Preferred Stock ranks senior in liquidation and dividend preferences to our common stock and on parity with respect to dividend and liquidation rights with our Series A Preferred Stock. Holders of Series B Preferred Stock are entitled to quarterly cumulative dividends payable in arrears in cash in an amount equal to 7.0% of the purchase price per share of the Series B Preferred Stock on a pari passu basis with the holders of Series A Preferred Stock; however, subject to the consent of the Series B Preferred Stock as set forth in the Letter Agreement described below, such dividends may, at our option, be paid in additional shares of Series B Preferred Stock based initially on the value of the purchase price per share of the Series B Preferred Stock. The holders of Series B Preferred Stock have a liquidation preference over the holders of our common stock equivalent to the purchase price per share of the Series B Preferred Stock plus any accrued and unpaid dividends on the Series B Preferred Stock but on a pro rata and pari passu basis with the holders of Series A Preferred Stock. A liquidation will be deemed to occur upon the happening of customary events, including transfer of all or substantially all of our capital stock or assets or a merger, consolidation, share exchange, reorganization or other transaction or series of related transaction, unless holders of 66 2/3% of the Series B Preferred Stock vote affirmatively in favor of or otherwise consent that such transaction shall not be treated as a liquidation.

The holders of the Series B Preferred Stock have conversion rights initially equivalent to three shares of common stock for each share of Series B Preferred Stock. The conversion ratio is subject to customary antidilution adjustments. In addition, antidilution adjustments are to occur in the event that we issue equity securities at a price equivalent to less than the initial conversion price of \$6.50 per share, including derivative securities convertible into equity securities (on an as-converted or as-exercised basis). If an adjustment to the conversion price would require us (i) to issue any shares of common stock upon conversion of the Series B Preferred Stock in excess of 19.99% of the total number of shares of common stock outstanding immediately prior to the closing of the transactions contemplated by the Purchase Agreement (when aggregated with all shares of common stock issued or issuable to such holders upon conversion of the Series B Preferred Stock or upon the payment of a dividend on the Series B Preferred Stock) at a price less than \$6.95, which was our book value per share at December 31, 2007 (the "Conversion Limitation"), or (ii) to otherwise obtain stockholder approval of the transactions contemplated by the Purchase Agreement pursuant to NASDAQ Marketplace Rule 4350(i), and such stockholder approval has not been obtained, (a) the conversion price shall not be reduced below the maximum extent that would not require stockholder approval under NASDAQ Marketplace Rule 4350(i), and (b) we are to use our commercially best efforts to obtain such stockholder approval as soon as reasonably practicable, including by calling a special meeting of the stockholders to vote on such conversion price adjustment. In no event are we obligated to issue any shares of common stock upon conversion of the Series B Preferred Stock in excess of the Conversion Limitation until stockholder approval has been obtained. Once stockholder approval of the transactions contemplated by the Purchase Agreement has been obtained, the Conversion Limitation shall be of no further force or effect.

Certain specified issuances will not result in antidilution adjustments (the "Anti-Dilution Excluded Securities"), including (i) securities issued to our employees, officers or directors under any option plan, agreement or other arrangement duly adopted by us, the issuance of which is approved by the Compensation Committee of our Board, (ii) any common stock issued upon conversion of the Series A Preferred Stock or as payment of dividends thereon, (iii) Series B Preferred Stock and any common stock issued upon conversion of the Series B Preferred Stock or as payment of dividends thereon, (iv) securities issued upon conversion or exercise of any derivative securities outstanding on the date the Certificate of Designations is first filed with the Delaware Secretary of State, and (v) securities issued in connection with a stock split, stock dividend, combination, reorganization, recapitalization or other similar event for which adjustment to the conversion ratio of the Series B Preferred Stock is already made. The shares of Series B Preferred Stock are also subject to forced conversion upon the occurrence of a transaction that would result in an internal rate of return to the holders of the Series B Preferred Stock of 25% or more. The forced conversion is to be based upon the conversion ratio as last adjusted. Notwithstanding the foregoing, no shares of Series B Preferred Stock will be subject to forced conversion unless the shares of common stock issued or issuable to the holders upon conversion of the Series B Preferred Stock are registered for resale with the Securities and Exchange Commission and eligible for trading on The NASDAQ Stock Market or such other exchange approved by holders of 66 2/3% of the then outstanding shares of Series B Preferred Stock. Accrued but unpaid dividends on the Series B Preferred Stock are to be paid in cash upon any conversion of the Series B Preferred Stock.

The holders of Series B Preferred Stock vote together as a single class with the holders of our Series A Preferred Stock and common stock on all actions to be taken by our stockholders. Except as to the Preferred Stock Transaction, as to which shares of our Series B Preferred Stock shall not entitle the holder thereof to any votes at the Annual Meeting, each share of Series B Preferred Stock entitles the holder to the number of votes equal to the number of shares of common stock into which each share of Series B Preferred Stock is convertible on all matters to be voted on by our stockholders. Each share of Series B Preferred Stock is initially convertible into three shares of our common stock and, except as provided above, is therefore initially entitled to three votes per share of Series B Preferred Stock on all matters to be voted on by our stockholders. Notwithstanding the foregoing, the holders of Series B Preferred Stock are afforded numerous customary protective provisions with respect to certain actions that may only be approved by holders of a majority of the shares of Series B Preferred Stock. These protective provisions include limitations on (i) the increase or decrease of the number of authorized shares of Series B Preferred Stock, (ii) the increase or decrease of the number of authorized shares of other capital stock, (iii) the alteration, amendment, repeal substitution or waiver of any provision of our charter or bylaws, so as to affect adversely the voting powers, preferences or other rights, including, without limitation, the liquidation preferences, dividend rights, conversion rights, redemption rights or any reduction in the stated value of the Series B Preferred Stock, whether by merger, consolidation or otherwise, (iv) the authorization, creation or sale of any securities senior to or on parity with the Series B Preferred Stock as to voting, dividend, liquidation or redemption rights, including subordinated debt, (v) the authorization, creation or sale of any securities junior to the Series B Preferred Stock as to voting, dividend, liquidation or redemption rights, including subordinated debt, other than our common stock, (vi) the authorization, creation or sale of any shares of Series B Preferred Stock other than the shares of Series B Preferred Stock authorized, created and sold under the Purchase Agreement, (vii) engaging in a transaction that would result in an internal rate of return to holders of Series B Preferred Stock of less than 25%, (viii) the declaration or payment of any dividends or distributions on our capital stock in a cumulative amount in excess of the dividends and distributions paid on the Series A Preferred Stock and the Series B Preferred Stock, (ix) the authorization or effecting our voluntary liquidation, dissolution, recapitalization, reorganization or winding up of our business; (x) the purchase, redemption or other acquisition of any of our capital stock other than Series A Preferred Stock or Series B Preferred Stock, (xi) unless we have obtained stockholder approval of the transactions contemplated by the Purchase Agreement pursuant to NASDAQ Marketplace Rule 4350(i), the issuance or sale, or engaging in any transaction wherein we are deemed to have issued or sold, any shares of common stock or securities convertible into common stock for a consideration per share that would result in the issuance of common stock upon conversion of the Series B Preferred Stock in excess of the Conversion Limitation.

The holders of the Series B Preferred Stock are afforded preemptive rights with respect to certain securities offered by us. The preemptive rights of the holders of the Series B Preferred Stock are subordinate to the preemptive rights of, and prior exercise thereof by, the holders of the Series A Preferred Stock. So long as 50% of the shares of Series B Preferred Stock remain outstanding, and not including any of our securities as to which any holder of the Series A Preferred Stock has exercised its preemptive rights, each holder of Series B Preferred Stock has the right to purchase a pro rata portion of such securities equivalent to the number of shares of common stock then held by such holder (giving effect to the conversion of all shares of convertible preferred stock then held by such holder), divided by the total number of shares of common stock then held by all holders of the Series B Preferred Stock (giving effect to the conversion of all outstanding shares of convertible preferred stock then held by such holders), plus any amounts not purchased by other holders of Series B Preferred Stock. Notwithstanding the foregoing, certain proposed securities offerings will not result in preemptive rights in favor of the holders of the Series B Preferred Stock. These offerings include offerings of Anti-Dilution Excluded Securities as well as the issuance of securities other than for cash pursuant to a merger, consolidation, acquisition or similar business combination by us approved by our Board.

Warrant

On March 27, 2008, we issued a Warrant to the Purchaser that is exercisable for up to 3,076,923 shares of our common stock at an exercise price of \$7.00 per share at any time during the period commencing on the date that is six months and one day from the date of the Warrant and ending ten years from the date of the Warrant. The Warrant contains customary anti-dilution provisions for stock splits, stock dividends and the like and other customary terms and conditions. A copy of the Warrant is attached to this Proxy Statement as Appendix C.

Registration Rights Agreement

On March 27, 2008, we entered into a Registration Rights Agreement with the Purchaser. A copy of the Registration Rights Agreement is attached to this Proxy Statement as Appendix D. The Registration Rights Agreement is effective until the holders of the Series B Preferred Stock, and their affiliates, as a group, own less than 10% of the Series B Preferred Stock issued under the Purchase Agreement, including common stock into which such Series B Preferred Stock has been converted. The Registration Rights Agreement provides that holders of a majority of the Series B Preferred Stock, including common stock into which such Series B Preferred Stock has been converted, may demand and cause us, at any time after the first anniversary of the closing, to register on their behalf the shares of common stock issued, issuable or that may be issuable upon conversion of the Series B Preferred Stock and as payment of dividends thereon, and upon exercise of the Warrant as well as upon exercise of a warrant to purchase 100,000 shares of our common stock at an exercise price of \$8.00 per share and issued in connection with the extension of the maturity date of an unrelated loan (collectively, the "Registrable Securities"). Following such demand, we are required to notify any other holders of the Series B Preferred Stock or Registrable Securities of our intent to file a registration statement and, to the extent requested by such holders, include them in the related registration statement. We are required to keep the registration statement effective until such time as all of the Registrable Securities are sold or until such holders may avail themselves of unlimited Rule 144 for sales of Registrable Securities without registration under the Securities Act. The holders are entitled to two demand registrations on Form S-1 and unlimited demand registrations on Form S-3; provided, however, that we are not obligated to effect more than one demand registration on Form S-3 in any calendar year.

In addition to the demand registration rights afforded the holders under the Registration Rights Agreement, the holders are entitled to "piggyback" registration rights. These rights entitle the holders who so elect to be included in registration statements to be filed by us with respect to other registrations of equity securities. The holders are entitled to unlimited "piggyback" registration rights.

Certain customary limitations to our registration obligations are included in the Registration Rights Agreement. These limitations include our right to, in good faith, delay or withdrawal registrations requested by the holders under demand and "piggyback" registration rights, and the right to exclude certain portions of holders' Registrable Securities upon the advice of our underwriters. Following the registration of securities in which the holders' Registrable Securities are included, we are obligated to refrain from registering any of our equity securities or securities convertible into equity securities until the earlier of the sale of all Registrable Securities subject to such registration statement and 180-days following the effectiveness of such registration statement. The Registration Rights Agreement also provides for customary registration procedures. We are responsible for all costs of registration, plus the reasonable fees of one legal counsel for the holders, which fees are not to exceed \$25,000 per registration.

The Registration Rights Agreement includes customary cross-indemnity provisions under which we are obligated to indemnify the holders and their affiliates as a result of losses caused by untrue or allegedly untrue statements of material fact contained or incorporated by reference in any registration statement under which Registrable Securities are registered, including any prospectuses or amendments related thereto. Our indemnity obligations also apply to omissions of material facts and to any failure on our part to comply with any law, rule or regulation applicable to such registration statement. Each holder is obligated to indemnify us and our affiliates as a result of losses caused by untrue or allegedly untrue statements of material fact contained in any registration statement under which Registrable Securities are registered, including any prospectuses or amendments related thereto, which statements were furnished in writing by that holder to us expressly for use in the registration statement, but only to the extent of the net proceeds received by that holder with respect to securities sold pursuant to such registration statement. The holders' indemnity obligations also apply to omissions of material facts on the part of the holders.

In addition, the Registration Rights Agreement provides for reasonable access on the part of the Purchaser to all of our books, records and other information and the opportunity to discuss the same with our management. The Registration Rights Agreement includes customary representations and warranties on the part of both us and the Purchaser and other customary terms and conditions.

Letter Agreement

On March 27, 2008, we entered into a Letter Agreement with the Purchaser under which we expressly waived our rights under the Certificate of Designations to make dividend payments in additional shares of Series B Preferred Stock in lieu of cash dividend payments without the prior written consent of the Purchaser. A copy of the Letter Agreement is attached to this Proxy Statement as Appendix E.

Required Vote of Stockholders

The approval of the Preferred Stock Transaction requires the affirmative votes of a majority of the total votes cast on this proposal of the shares of our common stock and Series A Preferred Stock, voting together as a single class, present at the Annual Meeting in person or by proxy and entitled to vote.

In accordance with NASDAQ Marketplace Rule 4350(i), shares of our Series B Preferred Stock shall not entitle the holder thereof to any votes as to the approval of the Preferred Stock Transaction.

Recommendation of the Board of Directors

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE PREFERRED STOCK TRANSACTION.

PROPOSAL THREE — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed the independent registered public accounting firm of Hein & Associates LLP to audit and comment on our financial statements for the year ending December 31, 2008, and to conduct whatever audit functions are deemed necessary. Hein & Associates LLP audited our financial statements for the year ended December 31, 2007 that were included in our most recent Annual Report on Form 10-K.

A representative of Hein & Associates LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from stockholders.

Required Vote of Stockholders

Although a vote of stockholders is not required on this proposal, our Board is asking our stockholders to ratify the appointment of our independent registered public accounting firm. The ratification of the appointment of our independent registered public accounting firm requires the affirmative votes of a majority of the votes of the shares of our common stock, Series A Preferred Stock and Series B Preferred Stock, voting together as a single class, present at the Annual Meeting in person or by proxy and entitled to vote, which shares voting affirmatively must also constitute at least a majority of the voting power required to constitute a quorum.

In the event that our stockholders do not ratify the appointment of Hein & Associates LLP as our independent registered public accounting firm, the appointment will be reconsidered by our Audit Committee. Even if the appointment is ratified, our Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in our and our stockholders' best interests.

Recommendation of the Board of Directors

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF HEIN & ASSOCIATES LLP TO SERVE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2008.

OTHER MATTERS

Our Board knows of no other matters to be brought before the Annual Meeting. However, if other matters should come before the Annual Meeting, it is the intention of the person named in the proxy to vote such proxy in accordance with his or her judgment on such matters.

Audit Committee Report

Our Audit Committee discussed with our independent auditors all matters required to be discussed by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees." Prior to the inclusion and filing with the Securities and Exchange Commission of the consolidated audited financial statements in the accompanying Annual Report on Form 10-K for the year ended December 31, 2007, the Audit Committee discussed with management and reviewed our consolidated audited financial statements. In addition, our Audit Committee obtained from our independent auditors a formal written statement indicating that no relationships existed between the auditors and Pacific Ethanol that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independent Discussions with Audit Committees," discerned from discussions with the auditors that no relationships exist that may impact their objectivity and independence, and satisfied itself as to the auditors' independence. Prior to the filing of the Annual Report on Form 10-K with the Securities and Exchange Commission, and based on the review and discussions referenced above, the Audit Committee recommended to our Board that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2007.

Compensation Discussion and Analysis

Overview of Compensation Program

This section discusses the principal components of compensation paid to our named executive officers for 2007. Throughout this Proxy Statement, we refer to the individuals who served as our principal executive officer and principal financial officer during 2007, as well as the other individuals included in the "Summary Compensation Table" below as the "named executive officers." However, when we refer to "named executive officers" in the information under the heading "2008 Compensation Philosophy and Objectives," we mean all of the individuals included in the "Summary Compensation Table" below (other than our former Chief Financial Officer) and any executive officer of Pacific Ethanol who we expect will be listed in the Summary Compensation Table for 2008.

Our Compensation Committee is responsible for establishing, implementing and administering our overall policies on compensation and the compensation to be provided to our executive officers. Our Compensation Committee also has the responsibility for monitoring adherence with our compensation philosophy and ensuring that the total compensation paid to our executive officers is fair, reasonable and competitive.

Although our Compensation Committee makes all compensation decisions as to our executive officers, our Chief Executive Officer makes recommendations to our Compensation Committee regarding compensation for the other named executive officers.

2007 Executive Compensation

For the year ended December 31, 2007, the principal components of compensation for our named executive officers were:

- base salary;
- equity incentive compensation; and
- perquisites and other personal benefits.

During 2007, our compensation philosophy was substantially similar to our compensation philosophy set forth below for 2008. Base salary paid to each of the named executive officers was specified in their executive employment agreements. The executive employment agreements with our Chief Executive Officer, Chief Operating and Acting Chief Financial Officer and our General Counsel were entered into prior to 2007, and were amended and restated as of December 11, 2007. Information about the prior executive employment agreements and the amended and restated executive employment agreements can be found under the heading "Executive Employment Agreements" below. The executive employment agreement with our former Chief Financial Officer was entered into during 2007 but was terminated in connection with his resignation in July 2007.

In addition to base salary, our named executive officers vested as to a portion of their restricted stock grants made in 2006. We did not grant additional restricted stock to any named executive officer during 2007. Our former Chief Financial Officer would have been entitled to a restricted stock grant under his executive employment agreement, but his resignation in July 2007 resulted in the relinquishment of any right to receive shares of restricted stock.

The restricted stock grants made in 2006 provided for immediate vesting of 25% of the shares underlying the grants, with the remaining shares to vest over the next five years as a retention tool for the relevant service period. The annual vesting for the named executive officers (other than our former Chief Financial Officer) occurred on October 4, 2007.

We did not have any program, plan or obligation that required us to grant equity incentive compensation on specified dates, except that our executive employment agreement with our former Chief Financial Officer required us to issue a specified amount of restricted stock. As discussed above, the executive's right to this stock was relinquished upon his resignation in July 2007. Information about outstanding equity incentive compensation awards held by our named executive officers and directors is contained in the "Outstanding Equity Awards at Fiscal Year-End" table below and in the "Director Compensation" table above.

During 2007, the Compensation Committee also considered granting discretionary cash bonuses to each named executive officer based on the personal performance of each named executive officer during 2007 in an amount up to 50% of each named executive officer's base salary. Ultimately, the Compensation Committee elected not to pay discretionary cash bonuses to any of our named executive officers because we were not profitable in 2007.

During 2007, we also provided certain of the named executive officers with perquisites and other personal benefits that the Compensation Committee believed were reasonable. For example, we paid for the commuting, housing and other living expenses of our Chief Operating Officer and our General Counsel. In addition, the executive employment agreements with each of the named executive officers (other than our former Chief Financial Officer) provide for certain payments upon a change in control of Pacific Ethanol. Information regarding applicable payments under these agreements is provided under the heading "Calculation of Potential Payments upon Termination or Change in Control" below.

2008 Compensation Philosophy and Objectives

Our current compensation philosophy is based upon three central objectives:

- To provide an executive compensation structure and system that is both competitive in the marketplace and also internally equitable based upon the weight and level of responsibilities of each executive;
- To attract, retain and motivate qualified executives within this structure, and reward them for outstanding performance-to-objectives and business results; and
- To structure our compensation policy so that the compensation of executive officers is dependent in part on the achievement of our current year business plan objectives and dependent in part on the long-term increase in our net worth and the resultant improvement in stockholder value, and to maintain an appropriate balance between short- and long-range performance objectives over time.

The Compensation Committee evaluates both performance and compensation to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive so that we can attract and retain superior employees in key positions. The Compensation Committee believes that compensation packages offered to our executives, including the named executive officers, should include both cash- and equity-based compensation that reward performance as measured against established goals.

In furtherance of these objectives, our Compensation Committee has engaged Hewitt Associates LLC, a global human resources consulting firm, to conduct an annual review of our total compensation program for the named executive officers and other executives. Hewitt Associates has provided our Compensation Committee with relevant market data and alternatives to consider when making compensation decisions as to the named executive officers and when making decisions as to the recommendations being made by our management for other executives.

In making compensation decisions, our Compensation Committee compares each element of total compensation against market data obtained by Hewitt Associates. The sources of this data include proxy statements for publicly-traded companies within the ethanol industry and general industry published surveys that target companies with approximately \$350 million, \$500 million and \$750 million in annual revenues. For 2008, the Compensation Committee generally expects to set total compensation for the named executive officers at the median of compensation paid to similarly situated executives of the companies comprising the market data provided to us by Hewitt Associates.

Although there is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation, the Compensation Committee expects that a significant percentage of total compensation for 2008 will be allocated to incentives as a result of the compensation philosophy we adopted in 2007. The level and mix of incentive compensation will be determined by the Compensation Committee based on information provided by Hewitt Associates.

For 2008, we expect that the principal components of compensation for our named executive officers will be:

- base salary;
- discretionary cash bonuses;
- equity incentive compensation; and
- perquisites and other personal benefits.

We view the various components of compensation as related but distinct. Our Compensation Committee expects to review compensation information provided by Hewitt Associates and to consider factors such as internal equity and consistency, and other considerations it deems relevant, such as rewarding extraordinary performance, to determine the appropriate level and mix of total compensation.

Base Salary

Base salary is targeted to recognize each executive officer's unique value and historical contributions to our success in light of salary norms in our industry and the general marketplace and to compensate them for services expected to be rendered during the fiscal year. Base salary ranges for named executive officers are determined for each executive based on his or her position and responsibility by using market data obtained by Hewitt Associates, with the goal of establishing base salary at the median base salary paid to similarly situated executives as reflected in the market data. The Compensation Committee expects to periodically review the base compensation of the Chief Executive Officer, and the base compensation of all other named executive officers with the Chief Executive Officer, to ensure that a competitive position is maintained.

Discretionary Cash Bonuses

The Compensation Committee expects to use discretionary cash bonuses to focus our management on achieving key company financial objectives, to motivate certain desired individual behaviors and goals and/or to reward substantial achievement of these company financial objectives and individual behaviors and goals.

We intend to use cash bonuses to reward performance achievements generally only as to years in which we are profitable. The Compensation Committee believes that as a growth company, we should reward achievement of both personal objectives and company financial objectives such as net sales, gallons of ethanol sold, net income and operating cash flows. Individual performance objectives of the named executive officers based on the participant's accountability and impact on our overall operations will be determined by our Compensation Committee with target award opportunities that will be established as a percentage of base salary. The Compensation Committee expects to target the amount of any potential discretionary cash bonuses at the median level of cash bonuses paid to similarly situated executives as reflected in the market data provided by Hewitt Associates. To the extent that our financial performance is less than or greater than the median financial performance reflected in the market data, the Compensation Committee expects that discretionary cash bonuses will be less than or greater than the median level of cash bonuses paid to executives of our peer companies.

Our Compensation Committee has not determined whether it would attempt to recover bonuses paid based on our financial performance where our financial statements are restated in a downward direction sufficient to reduce the amount of bonus that should have been paid under applicable bonus criteria.

Equity Incentive Compensation

Our 2006 Stock Incentive Plan authorizes the issuance of up to 2,000,000 shares of our common stock pursuant to options, restricted stock, restricted stock units, stock appreciation rights, direct stock issuances and other stock-based awards to our officers, directors or key employees or to consultants that do business with us. Our Compensation Committee has the authority to administer our 2006 Stock Incentive Plan with respect to grants to executive officers and directors, and also has authority to make equity awards under our 2006 Stock Incentive Plan to all other eligible individuals. However, our Board may retain, reassume or exercise from time to time the power to administer our 2006 Stock Incentive Plan. Equity awards made to members of the Compensation Committee must be authorized and approved by a disinterested majority of our Board.

We plan to use equity incentive compensation to encourage participants to focus on the long-term performance of Pacific Ethanol and to provide an opportunity for the named executive officers to increase their ownership stake in Pacific Ethanol through grants of our common stock that vest over time. The Compensation Committee also plans to continue to use equity compensation to attract qualified executive officers and to maintain competitive levels of total compensation.

Equity incentive compensation levels will be determined based upon our financial performance, the individual performance of the participant and market data provided to the Compensation Committee by Hewitt Associates. Although equity incentive compensation levels will vary among the participants based on their positions with Pacific Ethanol, the goal of the Compensation Committee is to provide for equity incentive grants in amounts equal to the median level of grants made to similarly situated executives as reflected in the market data. As is the case with discretionary cash bonuses, to the extent that our financial performance is less than or greater than the median financial performance reflected in the market data, the Compensation Committee expects that equity incentive compensation levels will be less than or greater than the median level of equity incentive compensation paid to executives of our peer companies.

Historically, we have neither made equity incentive grants in connection with the release or withholding of material non-public information nor have we made any grant at a predetermined time. However, in the future, our Compensation Committee may establish a focal grant date at which equity-based incentive compensation would periodically be determined, most likely at times when cash compensation is being reviewed and the results of our operations for our latest completed fiscal period are publicly available. Historically, stock options granted to our directors and executive officers have generally had exercise prices at or above the fair market value of our common stock on the date of grant.

On January 17, 2008, we granted 52,650 shares of restricted stock under our 2006 Stock Incentive Plan to our new Chief Financial Officer. The shares of restricted stock vested as to 10,530 shares on April 1, 2008 and will vest as to an additional 10,530 shares on October 4th of each of the next four years starting on October 4, 2008, subject in each case to continued employment.

On April 8, 2008, we granted shares of restricted stock under our 2006 Stock Incentive Plan to various employees, including our executive officers. Our Chief Executive Officer was granted 79,908 shares of restricted stock, our Chief Operating Officer was granted 31,963 shares of restricted stock, our new Chief Financial Officer was granted 22,374 shares of restricted stock and our General Counsel was granted 22,374 shares of restricted stock. The shares of restricted stock will vest as to 25% on April 1st of each of the next four years starting on April 1, 2009, subject in each case to continued employment.

Perquisites and Other Personal Benefits

We expect to provide named executive officers with perquisites and other personal benefits that the Compensation Committee believes are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. In addition, we have entered into executive employment agreements with our Chief Executive Officer, Chief Operating Officer, new Chief Financial Officer and our General Counsel that provide for certain payments upon a change in control of Pacific Ethanol. Information regarding applicable payments under these agreements (except as to our new Chief Financial Officer, who began his tenure in 2008) is provided under the heading "Calculation of Potential Payments upon Termination or Change in Control" below. The Compensation Committee expects to periodically review the levels of perquisites and other personal benefits provided to our named executive officers.

Accounting and Tax Treatment

We account for equity compensation paid to our employees under the rules of SFAS No. 123R, which requires us to estimate and record an expense over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued. Unless and until we achieve sustained profitability, the availability to us of a tax deduction for compensation expenses will not be material to our financial position. We structure cash bonus compensation so that it is taxable to our executives at the time it becomes available to them.

The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. We currently intend that all cash compensation paid will be tax deductible by us. However, with respect to equity compensation awards, while any gain recognized by employees from nonqualified options should be deductible, to the extent that an option constitutes an incentive stock option, gain recognized by the optionee will not be deductible if there is a disqualifying disposition by the optionee. In addition, if we grant awards of restricted stock or restricted stock units that are not subject to performance vesting, they may not be fully deductible by us at the time the award is otherwise taxable to the employee.

The following Compensation Committee Report is not considered proxy solicitation material and is not deemed filed with the Securities and Exchange Commission. Notwithstanding anything to the contrary set forth in any of our previous filings made under the Securities Act or under the Exchange Act that might incorporate future filings made by us under those statutes, the Compensation Committee Report will not be incorporated by reference into any such prior filings or into any future filings made by us under those statutes.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management, and based on that review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Proxy Statement for the 2008 Annual Meeting of stockholders and incorporated by reference into the Annual Report on Form 10-K for the year ended December 31, 2007.

Executive Employment Agreements

Neil M. Koehler

Prior Executive Employment Agreement. Our prior Executive Employment Agreement with Neil M. Koehler dated March 23, 2005 provided for a three-year term and automatic one-year renewals thereafter, unless either Mr. Koehler or Pacific Ethanol provided written notice to the other at least ninety days prior to the expiration of the then-current term. Mr. Koehler was to receive a base salary of \$200,000 per year and was entitled to receive a cash bonus not to exceed 50% of his base salary to be paid based upon performance criteria established by the Board on an annual basis and an additional cash bonus not to exceed 50% of the net free cash flow of Kinergy Marketing, LLC (defined as revenues of Kinergy Marketing, LLC, less his salary and performance bonus, less capital expenditures and all expenses incurred specific to Kinergy Marketing, LLC), subject to a maximum of \$300,000 in any given year; provided, that such bonus was to be reduced by ten percentage points each year, such that 2009 was to be the final year of such bonus at 10% of net free cash flow. Kinergy Marketing, LLC is one of our wholly-owned subsidiaries. Our prior Executive Employment Agreement with Mr. Koehler also include other customary terms and conditions, including certain specified employee benefits, payments and entitlements upon termination without cause or termination by Mr. Koehler for good reason or in the event of a change in control.

New Executive Employment Agreement. Our new Executive Employment Agreement with Mr. Koehler dated as of December 11, 2007 provides for at-will employment. Mr. Koehler is to receive a base salary of \$300,000 per year and is eligible to receive an annual discretionary cash bonus of up to 70% of his base salary, to be paid based upon performance criteria set by the Board and an additional cash bonus not to exceed 50% of the net free cash flow of Kinergy Marketing, LLC (defined as revenues of Kinergy Marketing, LLC, less Mr. Koehler's salary and performance bonus, less capital expenditures and all expenses incurred specific to Kinergy Marketing, LLC), subject to a maximum of \$300,000 in any given year; provided, that such bonus will be reduced by ten percentage points each year, commencing in 2005, such that 2009 will be the final year of such bonus at 10% of net free cash flow.

Upon termination by Pacific Ethanol without cause, resignation by Mr. Koehler for good reason or upon Mr. Koehler's disability, Mr. Koehler is entitled to receive (i) severance equal to twelve months of base salary, (ii) continued health insurance coverage for twelve months, and (iii) accelerated vesting of 25% of all shares or options subject to any equity awards granted to Mr. Koehler prior to Mr. Koehler's termination which are unvested as of the date of termination. Notwithstanding the foregoing, if Mr. Koehler is terminated without cause or resigns for good reason within three months before or twelve months after a change in control, Mr. Koehler is entitled to (a) severance equal to eighteen months of base salary, (b) continued health insurance coverage for eighteen months, and (c) accelerated vesting of 100% of all shares or options subject to any equity awards granted to Mr. Koehler prior to Mr. Koehler's termination that are unvested as of the date of termination.

The term "for good reason" is defined in the new Executive Employment Agreement as (i) the assignment to Mr. Koehler of any duties or responsibilities that result in the material diminution of Mr. Koehler's authority, duties or responsibility, (ii) a material reduction by Pacific Ethanol in Mr. Koehler's annual base salary, except to the extent the base salaries of all other executive officers of Pacific Ethanol are accordingly reduced, (iii) a relocation of Mr. Koehler's place of work, or Pacific Ethanol's principal executive offices if Mr. Koehler's principal office is at such offices, to a location that increases Mr. Koehler's daily one-way commute by more than thirty-five miles, or (iv) any material breach by Pacific Ethanol of any material provision of the new Executive Employment Agreement.

The term “cause” is defined in the new Executive Employment Agreement as (i) Mr. Koehler’s indictment or conviction of any felony or of any crime involving dishonesty, (ii) Mr. Koehler’s participation in any fraud or other act of willful misconduct against Pacific Ethanol, (iii) Mr. Koehler’s refusal to comply with any lawful directive of Pacific Ethanol, (iv) Mr. Koehler’s material breach of his fiduciary, statutory, contractual, or common law duties to Pacific Ethanol, or (v) conduct by Mr. Koehler which, in the good faith and reasonable determination of the Board, demonstrates gross unfitness to serve; provided, however, that in the event that any of the foregoing events is reasonably capable of being cured, Pacific Ethanol shall, within twenty days after the discovery of such event, provide written notice to Mr. Koehler describing the nature of such event and Mr. Koehler shall thereafter have ten business days to cure such event.

A “change in control” of Pacific Ethanol is deemed to have occurred if, in a single transaction or series of related transactions (i) any person (as such term is used in Section 13(d) and 14(d) of the Exchange Act), or persons acting as a group, other than a trustee or fiduciary holding securities under an employee benefit program, is or becomes a “beneficial owner” (as defined in Rule 13-3 under the Exchange Act), directly or indirectly of securities of Pacific Ethanol representing a majority of the combined voting power of Pacific Ethanol, (ii) there is a merger, consolidation or other business combination transaction of Pacific Ethanol with or into another corporation, entity or person, other than a transaction in which the holders of at least a majority of the shares of voting capital stock of Pacific Ethanol outstanding immediately prior to such transaction continue to hold (either by such shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of Pacific Ethanol (or the surviving entity) outstanding immediately after such transaction, or (iii) all or substantially all of our assets are sold.

Wright dated June 26, 2006 provided for a one-year term and automatic one-year renewals thereafter, unless either Mr. Wright or Pacific Ethanol provided written notice to the other at least ninety days prior to the expiration of the then-current term. Potential Payments upon Termination or Change in Control

Executive Employment Agreements. We have entered into agreements with our named executive officers that provide certain benefits upon the termination of their employment under certain prescribed circumstances. Those agreements are described above under “Executive Employment Agreements” above.

2006 Stock Incentive Plan. Under our 2006 Stock Incentive Plan, if a change in control occurs, each outstanding equity award under the discretionary grant program will automatically accelerate in full, unless (i) that award is assumed by the successor corporation or otherwise continued in effect, (ii) the award is replaced with a cash retention program that preserves the spread existing on the unvested shares subject to that equity award (the excess of the fair market value of those shares over the exercise or base price in effect for the shares) and provides for subsequent payout of that spread in accordance with the same vesting schedule in effect for those shares, or (iii) the acceleration of the award is subject to other limitations imposed by the plan administrator. In addition, all unvested shares outstanding under the discretionary grant and stock issuance programs will immediately vest upon the change in control, except to the extent our repurchase rights with respect to those shares are to be assigned to the successor corporation or otherwise continued in effect or accelerated vesting is precluded by other limitations imposed by the plan administrator. Each outstanding equity award under the stock issuance program will vest as to the number of shares of common stock subject to that award immediately prior to the change in control, unless that equity award is assumed by the successor corporation or otherwise continued in effect or replaced with a cash retention program similar to the program described in clause (ii) above or unless vesting is precluded by its terms. Immediately following a change in control, all outstanding awards under the discretionary grant program will terminate and cease to be outstanding except to the extent assumed by the successor corporation or its parent or otherwise expressly continued in full force and effect pursuant to the terms of the change in control transaction.

The plan administrator will have the discretion to structure one or more equity awards under the discretionary grant and stock issuance programs so that those equity awards will vest in full either immediately upon a change in control or in the event the individual’s service with us or the successor entity is terminated (actually or constructively) within a designated period following a change in control transaction, whether or not those equity awards are to be assumed or otherwise continued in effect or replaced with a cash retention program.

The definition of “change in control” under our 2006 Stock Incentive Plan is substantially the same as provided under “Executive Employment Agreements” above.

Calculation of Potential Payments upon Termination or Change in Control

In accordance with the rules of the Securities and Exchange Commission, the following table presents our estimate of the benefits payable to the named executive officers under our 2006 Stock Incentive Plan and their executive employment agreements assuming that for each of Messrs. Koehler, Miller and Wright (i) a “change in control” occurred on December 31, 2007, the last business day of 2007, and (a) there was a termination by the executive “for good reason,” or by us without “cause” within three months before or twelve months after the change in control, or (b) none of the executives’ equity awards were assumed by the successor corporation or replaced with a cash retention program, (ii) a qualifying termination occurred on December 31, 2007, which is a termination by the executive “for good reason,” by us without “cause” or upon the executive’s disability, or (iii) a non-qualifying termination occurred on December 31, 2007, which is a voluntary termination by the executive other than “for good reason” or by us for “cause.” See “Executive Employment Agreements” above for definitions of “for good reason,” “cause” and “change in control.” Douglas C. Jeffries, our former Chief Financial Officer, resigned on July 18, 2007 and is therefore excluded from the table below.

Name	Trigger	Salary and Bonus ⁽¹⁾	Continuation of Benefits ⁽²⁾	Value of Stock Acceleration ⁽³⁾	Total Value ⁽⁴⁾
Neil M. Koehler	Change in Control	\$ 450,000	\$ 44,947	\$ 461,074	\$ 956,021

John T. Miller	Change in Control	\$ 375,000	\$ 32,046	\$ 345,805	\$ 752,851
	Qualifying Termination	\$ 250,000	\$ 21,364	\$ 86,451	\$ 357,815
	Non-Qualifying Termination	\$ —	\$ —	\$ —	\$ —
Christopher W. Wright	Change in Control	\$ 337,500	\$ 44,947	\$ 345,805	\$ 728,252

	Non-Qualifying Termination	\$ —	\$ —	\$ —	\$ —

- (1) Represents eighteen months additional salary after the date of termination in the event of a Change in Control and twelve months additional salary after the date of termination in the event of a Qualifying Termination based on the executive's salary as of December 31, 2007.

The amounts shown as the value of the accelerated restricted stock grants are based solely on the intrinsic value of the restricted stock grants as of December 31, 2007, which was calculated by multiplying (i) the fair market value of our common stock on December 31, 2007, which was \$8.21, by (ii) the assumed number of shares vesting on an accelerated basis on December 31, 2007.
- (4) Excludes the value to the executive of the continuing right to indemnification and continuing coverage under our directors' and officers' liability insurance, if applicable.

Compensation Committee Interlocks and Insider Participation

During 2007, our Compensation Committee consisted of Messrs. Stone and Prince and, until his resignation on October 1, 2007, Mr. Thomas. Our Compensation Committee now consists of Messrs. Layne, Prince, Kieta and Stone. None of these individuals were officers or employees of Pacific Ethanol at any time during 2007 or at any other time. During 2007, none of our executive officers served as a member of the board of directors or compensation committee of any other entity whose executive officer(s) served on our Board or Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Approval of Related Party Transactions

Our Board has the responsibility to review and discuss with management and approve, and has adopted written policies and procedures relating to approval or ratification of, interested transactions with related parties. During this process, the material facts as to the related party's interest in a transaction are disclosed to all Board members or an applicable committee. Under the policies and procedures, the Board is to review each interested transaction with a related party that requires approval and either approve or disapprove of the entry into the interested transaction. An interested transaction is any transaction in which we are a participant and any related party has or will have a direct or indirect interest. Transactions that are in the ordinary course of business and would not require either disclosure pursuant to Item 404(a) of Regulation S-K under the Securities Act or approval of the Board or an independent committee of the Board pursuant to applicable NASDAQ rules would not be deemed interested transactions. No director may participate in any approval of an interested transaction with respect to which he or she is a related party. Our Board intends to approve only those related party transactions that are in the best interests of Pacific Ethanol and our stockholders.

Other than as described below or elsewhere in this Proxy Statement, since January 1, 2007, there has not been a transaction or series of related transactions to which Pacific Ethanol was or is a party involving an amount in excess of \$120,000 and in which any director, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest. All of the below transactions, except as to Front Range Energy, LLC, were separately approved by our Board. Our agreement with Front Range Energy, LLC was entered into prior to Daniel A. Sanders becoming a member of our Board.

Miscellaneous

We are or have been a party to employment and compensation arrangements with related parties, as more particularly described above under the headings "Compensation of Directors," "Director Compensation Table," "Indemnification of Directors and Officers," and "Executive Compensation and Related Information." We have entered into an indemnification agreement with each of our directors and executive officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

During 2007, we began selling corn to Tri-J Land & Cattle, an entity owned by William L. Jones, our Chairman of the Board and a director. We are not under contract with Tri-J Land & Cattle, but we sell rolled corn to Tri-J Land & Cattle on a spot basis as needed. Sales of rolled corn to Tri-J Land & Cattle totaled \$166,000 for the year ended December 31, 2007. Accounts receivable from Tri-J Land & Cattle totaled \$7,000 at December 31, 2007.

Front Range Energy, LLC – Daniel A. Sanders

On October 17, 2006, we acquired approximately 42% of the outstanding membership interests of Front Range Energy, LLC, which owns and operates an ethanol production facility located in Windsor, Colorado. Daniel A. Sanders, one of our former directors, is the majority owner of Front Range Energy, LLC. Mr. Sanders resigned as a director on October 8, 2007.

On August 9, 2006, Kinergy Marketing, LLC, one of our wholly-owned subsidiaries, entered into an Amended and Restated Ethanol Purchase and Sale Agreement dated as of August 9, 2006 with Front Range Energy, LLC. The agreement amended an underlying agreement first signed on August 31, 2005. The agreement is effective for three years with automatic renewals for additional one-year periods thereafter unless a party to the agreement delivers written notice of termination at least 60 days prior to the end of the original or renewal term. Under the agreement, Kinergy Marketing, LLC is to provide denatured fuel ethanol marketing services for Front Range Energy, LLC. Kinergy Marketing, LLC is to have the exclusive right to market and sell all of the ethanol from the ethanol production facility owned by Front Range Energy, LLC, an estimated 40 million gallons per year. Pursuant to the terms of the agreement, the purchase price of the ethanol may be negotiated from time to time between Kinergy Marketing, LLC and Front Range Energy, LLC without regard to the price at which Kinergy Marketing, LLC will re-sell the ethanol to its customers. Alternatively, Kinergy Marketing, LLC may pay to Front Range Energy, LLC the gross payments received by Kinergy Marketing, LLC from third parties for forward sales of ethanol, referred to as the purchase price, less certain transaction costs and fees. From the purchase price, Kinergy Marketing, LLC may deduct all reasonable out-of-pocket and documented costs and expenses incurred by or on behalf of Kinergy Marketing, LLC in connection with the marketing of ethanol pursuant to the agreement, including truck, rail and terminal costs for the transportation and storage of the facility's ethanol to third parties and reasonable, documented out-of-pocket expenses incurred in connection with the negotiation and documentation of sales agreements between Kinergy Marketing, LLC and third parties, collectively referred to as the transaction costs. From the purchase price, Kinergy Marketing, LLC may also deduct and retain the product of 1.0% multiplied by the difference between the purchase price and the transaction costs. In addition, Kinergy Marketing, LLC is to split the profit from any logistical arbitrage associated with ethanol supplied by Front Range Energy, LLC.

During 2007, purchases by us from Front Range Energy, LLC totaled \$118,471,236. Accounts receivable from Front Range Energy, LLC totaled \$236,041 at December 31, 2007. Accounts payable to Front Range Energy, LLC totaled \$2,765,853 at December 31, 2007.

(c) it understands that (i) the Preferred Shares, the Dividend Shares, the Conversion Shares, the Warrant and the Warrant Shares have not been registered under the Securities Act by reason of their issuance in a transaction exempt from the registration requirements of the Securities Act pursuant to Section 4(2) thereof or Rule 505 or 506 promulgated under the Securities Act, (ii) the Preferred Shares, the Dividend Shares, the Conversion Shares and the Warrant Shares must be held indefinitely (subject, however, to the Company's obligation to effect the registration of registrable securities in accordance with the Registration Rights Agreement) unless a subsequent disposition thereof is registered under the Securities Act or is exempt from such registration, and (iii) the Preferred Shares, the Dividend Shares, the Conversion Shares, the Warrant and the Warrant Shares will bear the legend to such effect set forth in Section 3.3.

The legend set forth above shall be removed by the Company from any certificate evidencing Preferred Shares, the Dividend Shares, the Conversion Shares or the Warrant Shares, and the Company shall issue a certificate without such legend to the holder thereof, upon delivery to the Company of an opinion by counsel (which may be counsel for the Company) that a registration statement under the Securities Act is at that time in effect with respect to the legended security or that such security can be freely transferred in a public sale without such a registration statement being in effect and that such transfer will not jeopardize the exemption or exemptions from registration pursuant to which the Company issued the Preferred Shares, the Dividend Shares, the Conversion Shares or the Warrant Shares; provided, however, that no opinion shall be required for dispositions pursuant to Rule 144 under the Securities Act or in any transfer in compliance with applicable securities laws where the transferee shall receive securities bearing the legend above.

Pacific Ethanol, Inc. (the “**Corporation**”), organized and existing under the laws of the State of Delaware, does, by its Chief Financial Officer and under its corporate seal, hereby certify that pursuant to the authority contained in Article Fourth of its Certificate of Incorporation and in accordance with the provisions of Section 151 of the Delaware General Corporation Law, its Board of Directors has adopted the following resolution creating the following classes and series of the Corporation’s Preferred Stock and determining the voting powers, designations, powers, preferences and relative, participating, optional or other special rights, and the qualifications, limitations and restrictions thereof, of such classes and series:

RESOLVED, that, pursuant to authority conferred upon the Board of Directors by the Certificate of Incorporation of the Corporation (the “**Certificate of Incorporation**”), there is hereby created the following series of Preferred Stock:

- 3,000,000 shares shall be designated Series B Cumulative Convertible Preferred Stock, par value \$0.001 per share (the “**Series B Preferred Stock**”).

The designations, powers, preferences, and rights and the qualifications, limitations and restrictions of the Series B Preferred Stock in addition to those set forth in the Certificate of Incorporation shall be as follows:

Section 1. Designation and Amount. 3,000,000 shares of the unissued preferred stock of the Corporation shall be designated as Series B Cumulative Convertible Preferred Stock, par value \$.001 per share. The Series B Preferred Stock shall be issued in accordance with the Purchase Agreement at a purchase price of \$19.50 per share (the “**Series B Issue Price**”).

Section 2. Rank. The Series B Preferred Stock shall rank: (i) subject to the requirements of Section 7, junior to any other class or series of capital stock of the Corporation hereafter created specifically ranking as to dividend rights, redemption rights, liquidation preference and other rights senior to the Series B Preferred Stock (the “**Senior Securities**”); (ii) senior to all of the Corporation’s common stock, par value \$0.001 per share (the “**Common Stock**”); (iii) senior to any class or series of capital stock of the Corporation hereafter created not specifically ranking as to dividend rights, redemption rights, liquidation preference and other rights senior to or on parity with any Series B Preferred Stock of whatever subdivision (collectively, with the Common Stock, the “**Junior Securities**”); and (iv) *pari passu* with respect to dividend and liquidation rights with the Corporation’s Series A Cumulative Redeemable Convertible Preferred Stock (the “**Series A Preferred Stock**”) and, subject to the requirements of Section 7, *pari passu* with respect to any class or series of capital stock of the Corporation hereafter created specifically ranking on a parity with the Series B Preferred Stock (collectively, the “**Parity Securities**”).

Section 3. Dividends.

(a) So long as shares of Series B Preferred Stock remain outstanding, the holders of each share of the Series B Preferred Stock shall be entitled, from and after the date of issuance of such share, to receive, and shall be paid quarterly in arrears (beginning on the last day of the calendar quarter following the date of the initial issuance of Series B Preferred Stock) in cash out of funds legally available therefor, on a *pari passu* basis with the Holders of Series A Preferred Stock, prior and in preference to any distribution of any of the assets of the Corporation to the holders of the Common Stock, cumulative dividends, of an amount equal to 7.00% of the Series B Issue Price per share (as adjusted for any stock dividends, stock splits, combinations, recapitalizations involving equity securities of the Corporation, reclassifications or other similar events involving a change with respect to the Series B Preferred Stock) per annum with respect to each share of the Series B Preferred Stock; provided, however, that such dividend may, at the option of the Corporation, be paid to the holders of Series B Preferred Stock in shares of the Series B Preferred Stock valued at the Series B Issue Price (as adjusted for any stock dividends, stock splits, combinations, recapitalizations involving equity securities of the Corporation, reclassifications or other similar events involving a change with respect to the Series B Preferred Stock). The holders of shares of Series B Preferred Stock shall be entitled to receive such dividends immediately after the payment of any dividends to Senior Securities required by the Corporation's Certificate of Incorporation, as amended or amended and restated and in effect, including for this purpose any certificate(s) of designation (the "**Charter**"), prior and in preference to any dividends paid to Junior Securities but in parity with any distribution to the holders of Series A Preferred Stock and all other Parity Securities.

(b) In case the Corporation shall at any time or from time to time declare, order, pay or make a dividend or other distribution (including, without limitation, any distribution of stock or other securities or property or rights or warrants to subscribe for securities of the Corporation or any of its subsidiaries by way of a dividend, distribution or spin-off) on its Common Stock, other than (i) a distribution made in compliance with the provisions of Section 4 or (ii) a dividend or distribution made in Common Stock, the holders of the Series B Preferred Stock shall be entitled to receive from the Corporation with respect to each share of Series B Preferred Stock held, any dividend or distribution that would be received by a holder of the number of shares (including fractional shares) of Common Stock into which such Series B Preferred Stock is convertible on the record date for such dividend or distribution, with fractional shares of Common Stock deemed to be entitled to the corresponding fraction of any dividend or distribution that would be received by a whole share. Any such dividend or distribution shall be declared, ordered, paid and made at the same time such dividend or distribution is declared, ordered, paid and made on the Common Stock. No dividend or distribution shall be declared, ordered, paid or made on the Common Stock unless the dividend or distribution on the Series B Preferred Stock provided for by this paragraph shall be declared, ordered, paid or made at the same time.

Section 4. Liquidation Preference.

(a) In the event of any liquidation, dissolution or winding up of the Corporation, either voluntary or involuntary, the holders of Series B Preferred Stock shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, whether from capital, surplus or earnings, immediately after any distributions to Senior Securities required by the Charter, and prior and in preference to any distribution to Junior Securities but *pari passu* with any distribution to the holders of Series A Preferred Stock or other Parity Securities, an amount per share equal to the sum of the Series B Issue Price (as adjusted for any stock splits, combinations, recapitalizations involving equity securities of the Corporation, reclassifications of other similar events involving a change with respect to the Series B Preferred Stock) and any accrued but unpaid dividends on the Series B Preferred Stock. If upon the occurrence of such event, and after the payment in full of the preferential amounts with respect to the Senior Securities, the assets and funds available to be distributed among the holders of the Series B Preferred Stock, the Series A Preferred Stock and any other Parity Securities shall be insufficient to permit the payment to such holders of the full preferential amounts due to such holders, respectively, then the entire assets and funds of the Corporation legally available for distribution shall be distributed among the holders of the Series B Preferred Stock, Series A Preferred Stock and any other Parity Securities, pro rata, based on the amount each such holder would receive if such full preferential amounts were paid unless otherwise provided in the Charter.

(b) Upon the completion of the distributions required by Section 4(a), if assets remain in the Corporation, they shall be distributed to the holders of Junior Securities other than Common Stock with respect to any liquidation preference payable to such holders.

(c) Upon the completion of the distributions required by Section 4(a) and Section 4(b), if assets remain in the Corporation, they shall be distributed pro rata, on an as-converted to Common Stock basis, to the holders of Common Stock, Series A Preferred Stock and Series B Preferred Stock.

(d) A sale, lease, conveyance or disposition of all or substantially all of the capital stock or assets of the Corporation or a merger, consolidation, share exchange, reorganization or other transaction or series of related transactions (whether involving the Corporation or a subsidiary thereof) in which the Corporation's stockholders immediately prior to such transaction do not retain a majority of the voting power in the surviving entity (a "**Transaction**"), shall be deemed to be a liquidation, dissolution or winding up within the meaning of this Section 4, unless (i) the holders of 66 2/3% of the then outstanding shares of the Series B Preferred Stock vote affirmatively or consent in writing that such transaction shall not be treated as a liquidation, dissolution or winding up within the meaning of this Section 4 or (ii) such Transaction shall have resulted in the conversion of the Series B Preferred Stock in accordance with Section 5(b); provided, however, that each holder of Series B Preferred Stock shall have the right to elect the conversion benefits of the provisions of Section 5(a) or other applicable conversion provisions in lieu of receiving payment in liquidation, dissolution or winding up of the Corporation pursuant to this Section; and provided, further, that shares of the surviving entity held by holders of the capital stock of the Corporation acquired by means of other than the Transaction shall not be used in determining if the shareholders of the Corporation own a majority of the voting power of the surviving entity, but shall be used for determining the total outstanding voting power of such entity.

(e) Prior to the closing of a Transaction described in Section 4(d) which would constitute a liquidation, dissolution or winding up within the meaning of this Section 4, the Corporation shall, at its sole option, either (i) make all distributions of cash or other property that it is required to make to the holders of Series B Preferred Stock pursuant to the first sentence of Section 4(a), (ii) set aside sufficient funds or other property from which the distributions required to be made to such holders can be made, or (iii) establish an escrow or other similar arrangement with a third party pursuant to which the proceeds payable to the Corporation from the Transaction will be used to make the liquidating payments to such holders immediately after the consummation of the Transaction. In the event that the Corporation is unable to fully comply with any of the foregoing alternatives, the Corporation shall either: (x) cause such closing to be postponed until the Corporation complies with one of the foregoing alternatives, or (y) cancel such Transaction, in which event the rights of the holders of Series B Preferred Stock shall be the same as existing immediately prior to such proposed Transaction.

Section 5. Conversion of Series B Preferred Stock. The Corporation and the record holders of the Series B Preferred Stock shall have conversion rights as follows:

(a) Right to Convert. Each record holder of Series B Preferred Stock shall be entitled to convert whole shares of Series B Preferred Stock for the Common Stock issuable upon conversion of the Series B Preferred Stock, at any time at the option of the holder thereof, subject to adjustment and limitations on conversion prior to obtaining stockholder approval as provided in Section 5(d) hereof, as follows: Each share of Series B Preferred Stock shall be convertible into such number of fully paid and nonassessable shares of Common Stock as is obtained by (I) multiplying the number of shares of Series B Preferred Stock so to be converted by the Series B Issue Price and (II) dividing the result thereof by the Conversion Price. The Conversion Price shall initially be \$6.50 per share of Series B Preferred Stock, subject to adjustment as provided in Section 5(d). Accrued but unpaid dividends will be paid in cash upon any such conversion.

(b) Forced Conversion. (i) In the event of a Transaction which will result in an Internal Rate of Return to holders of Series B Preferred Stock of 25.00% or more, each share of outstanding Series B Preferred Stock shall, concurrently with the closing of such Transaction, be converted into fully-paid and non-assessable shares of Common Stock. Any such conversion shall be made into the number of shares of Common Stock determined pursuant to Section 5(a) using the Conversion Price, as last adjusted. Accrued but unpaid dividends will be paid in cash on any such conversion.

(ii) Notwithstanding anything to the contrary herein, no shares of outstanding Series B Preferred Stock shall be converted into Common Stock pursuant to this Section 5(b) unless at the time of such proposed conversion the Corporation shall have on file with the Securities and Exchange Commission an effective registration statement with respect to the shares of Common Stock issued or issuable to the holders on conversion of the Series B Preferred Stock then issued or issuable to such holders and such shares of Common Stock are eligible for trading on NASDAQ (or approved by and listed on a stock exchange approved by the holders of 66 2/3% of the then outstanding shares of Series B Preferred Stock).

(c) Mechanics of Conversion. In order to convert Series B Preferred Stock into full shares of Common Stock if (i) such conversion is pursuant to Section 5(a), the holder shall (A) fax a copy of a fully executed notice of conversion (“**Notice of Conversion**”) to the Corporation at the office of the Corporation or to the Corporation’s designated transfer agent (the “**Transfer Agent**”) for the Series B Preferred Stock stating that the holder elects to convert, which notice shall specify the date of conversion, the number of shares of Series B Preferred Stock to be converted, the Conversion Price (together with a copy of the front page of each certificate to be converted) and (B) surrender to a common courier for either overnight or two (2) day delivery to the office of the Corporation or its transfer agent, the original certificates representing the Series B Preferred Stock (the “**Preferred Stock Certificates**”) being converted, duly endorsed for transfer, and (ii) such conversion is pursuant to Section 5(b), the Corporation shall fax a copy of a Notice of Conversion to the holders of Series B Preferred Stock stating that the shares of Series B Preferred Stock shall be converted into Common Stock, which notice shall describe the Transaction and the calculation of the Internal Rate of Return and specify the date of such conversion, the number of shares of Series B Preferred Stock that are being converted, the Conversion Price and a calculation of the number of shares of Common Stock issuable upon such conversion (together with a copy of the front page of each certificate to be converted); provided, however, that the Corporation’s failure to deliver a Notice of Conversion to each holder shall not affect the conversion of such shares of Series B Preferred Stock on the date of the closing of the Transaction and the cancellation of the certificates representing such shares of Series B Preferred Stock. In the event of a conversion pursuant to Section 5(b), the outstanding shares of Series B Preferred Stock shall be converted automatically without any further action by the holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent and the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless either the Preferred Stock Certificates are delivered to the Corporation or the Transfer Agent as provided above, or the holder notifies the Corporation or its Transfer Agent that such certificates have been lost, stolen or destroyed (subject to the requirements of Section 5(c)(i) below).

(i) Lost or Stolen Certificates. Upon receipt by the Corporation of evidence of the loss, theft, destruction or mutilation of any Preferred Stock Certificates representing shares of Series B Preferred Stock, and (in the case of loss, theft or destruction) of indemnity or security reasonably satisfactory to the Corporation, and upon surrender and cancellation of the Preferred Stock Certificates, if mutilated, the Corporation shall execute and deliver new Preferred Stock Certificates of like tenor and date; provided that the Corporation shall pay all costs of delivery (including insurance against loss and theft until delivered in an amount satisfactory to the holders of Series B Preferred Stock). However, the Corporation shall not be obligated to reissue such lost or stolen Preferred Stock Certificates if the holder contemporaneously requests the Corporation to convert such Series B Preferred Stock into Common Stock or if such shares of Series B Preferred Stock have been otherwise converted into Common Stock.

(ii) Delivery of Common Stock Upon Conversion. The Corporation no later than 6:00 p.m. (Pacific time) on the third (3rd) business day after receipt by the Corporation or its transfer agent of all necessary documentation duly executed and in proper form required for conversion, including the original Preferred Stock Certificates to be converted (or after provision for security or indemnification in the case of lost, stolen or destroyed certificates, if required), shall issue and surrender to a common courier for either overnight or (if delivery is outside the United States) two (2) day delivery to the holder as shown on the stock records of the Corporation a certificate for the number of shares of Common Stock to which the holder shall be entitled as aforesaid.

(iii) Date of Conversion. The date on which a voluntary conversion pursuant to Section 5(a) occurs (the “**Date of Voluntary Conversion**”) shall be deemed to be the date the applicable Notice of Conversion is faxed to the Corporation or the Transfer Agent, as the case may be, provided that the copy of the Notice of Conversion is faxed to the Corporation on or prior to 6:00 p.m. (Pacific time) on the Date of Conversion. A forced conversion pursuant to Section 5(b) shall occur on the date on which such forced conversion is deemed to occur pursuant to Section 5(b) (the “**Date of Forced Conversion**”, and together with the Date of Voluntary Conversion, the “**Date of Conversion**”). The original Preferred Stock Certificates representing the shares of Series B Preferred Stock to be converted shall be surrendered by depositing such certificates with a common courier for either overnight or two (2) day delivery, as soon as practicable following the Date of Voluntary Conversion or as soon as practicable following the date such holder receives notice of the Date of Forced Conversion. The person or persons entitled to receive the shares of Common Stock issuable upon such conversion shall be treated for all purposes as the record holder or holders of such shares of Common Stock on the Date of Conversion.

(iv) No Fractional Shares on Conversion. No fractional shares of Common Stock shall be issued upon conversion of the Series B Preferred Stock. In lieu of any fractional share to which the holder would otherwise be entitled, the Corporation shall (after aggregating all shares into which shares of Series B Preferred held by each holder could be converted) pay cash equal to such fraction multiplied by the Market Price per share of Common Stock on the Date of Conversion.

(d) Adjustment of Conversion Price.

(i) Adjustments of Conversion Price Upon Issuance of Common Stock. If at any time after the first filing of this Certificate of Designations, the Corporation shall issue or sell, or is, in accordance with Section 5(d)(i)(A) through (G) below, deemed to have issued or sold, any shares of Common Stock for a consideration per share less than the Conversion Price in effect immediately prior to the time of such issue or sale or deemed issue or sale, then, forthwith upon such issue or sale or deemed issue or sale, the Conversion Price shall be reduced to the price determined by dividing (x) an amount equal to the sum of (a) the number of shares of Common Stock outstanding immediately prior to such issue or sale multiplied by the then existing Conversion Price and (b) the consideration, if any, received by the Corporation upon such issue or sale, by (y) the total number of shares of Common Stock outstanding immediately after such issue or sale. For purposes of determining the number of shares of Common Stock outstanding as provided in clauses (x) and (y) above, the number of shares of Common Stock issuable upon conversion of all outstanding shares of Series A Preferred Stock and Series B Preferred Stock, exercise of all outstanding Options (as defined below) and conversion of all outstanding Convertible Securities (as defined below) shall be deemed to be outstanding. Notwithstanding any other provision in this subsection to the contrary, if an adjustment to the Conversion Price pursuant to this Section 5(d) would require the Corporation, (I) to issue any shares of Common Stock upon conversion of the Series B Preferred Stock in excess of 19.99% of the total number of shares of Common Stock outstanding immediately prior to the closing (the “**Closing**”) of the transactions contemplated by the Purchase Agreement (when aggregated with all shares of Common Stock issued or issuable to such holders upon conversion of the Series B Preferred Stock or upon the payment of a dividend on the Series B Preferred Stock) at a price less than the greater of the Market Price per share immediately prior to the Closing or the Corporation’s book value per share at December 31, 2007 as reflected in the Corporation’s Form 8-K filed with the Securities and Exchange Commission immediately after the Closing (the “**Conversion Limitation**”), or (II) to otherwise obtain stockholder approval of the transactions contemplated by the Purchase Agreement pursuant to NASDAQ Marketplace Rule 4350(i), and such stockholder approval has not been obtained, (1) the Conversion Price shall not be reduced below the maximum extent that would not require shareholder approval under NASDAQ Marketplace Rule 4350(i), and (2) the Corporation shall use its commercially best efforts to obtain such stockholder approval as soon as reasonably practicable, including by calling a special meeting of the stockholders to vote on such Conversion Price adjustment. In no event shall the Corporation be obligated to issue any shares of Common Stock upon conversion of the Series B Preferred Stock in excess of the Conversion Limitation until stockholder approval has been obtained. Once stockholder approval of the transactions contemplated by the Purchase Agreement has been obtained, the Conversion Limitation shall be of no further force or effect.

For purposes of this Section 5(d)(i), the following subparagraphs (A) to (G) of this Section 5(d)(i) shall also be applicable:

(A) Issuance of Rights or Options. In case at any time the Corporation shall in any manner grant (whether directly or by assumption in a merger or otherwise) any warrants or other rights to subscribe for or to purchase, or any options for the purchase of, Common Stock or any stock or security convertible into or exchangeable for Common Stock (such warrants, rights or options being called “**Options**” and such convertible or exchangeable stock or securities being called “**Convertible Securities**”) whether or not such Options or the right to convert or exchange any such Convertible Securities are immediately exercisable, and the price per share for which Common Stock is issuable upon the exercise of such Options or upon the conversion or exchange of such Convertible Securities (determined by dividing (i) the total amount, if any, received or receivable by the Corporation as consideration for the granting of such Options, plus the minimum aggregate amount of additional consideration payable to the Corporation upon the exercise of all such Options, plus, in the case of such Options which relate to Convertible Securities, the minimum aggregate amount of additional consideration, if any, payable upon the issue or sale of such Convertible Securities and upon the conversion or exchange thereof (in all cases excluding the effect of a net issue election), by (ii) the total maximum number of shares of Common Stock issuable upon the exercise of such Options or upon the conversion or exchange of all such Convertible Securities issuable upon the exercise of such Options) shall be less than the Conversion Price in effect immediately prior to the time of the granting of such Options, then the total maximum number of shares of Common Stock issuable upon the exercise of such Options or upon conversion or exchange of the total maximum amount of such Convertible Securities issuable upon the exercise of such Options shall be deemed to have been issued for such price per share as of the date of granting of such Options and thereafter shall be deemed to be outstanding. Except as otherwise provided in Section 5(d)(i)(C), no adjustment of the Conversion Price shall be made upon the actual issue of such Common Stock or of such Convertible Securities upon exercise of such Options or upon the actual issue of such Common Stock upon conversion or exchange of such Convertible Securities.

(B) Issuance of Convertible Securities. In case the Corporation shall in any manner issue (whether directly or by assumption in a merger or otherwise) or sell any Convertible Securities, whether or not the rights to exchange or convert any such Convertible Securities are immediately exercisable, and the price per share for which Common Stock is issuable upon such conversion or exchange (determined by dividing (i) the total amount received or receivable by the Corporation as consideration for the issue or sale of such Convertible Securities, plus the aggregate amount of additional consideration, if any, payable to the Corporation upon the conversion or exchange thereof, by (ii) the total maximum number of shares of Common Stock issuable upon the conversion or exchange of all such Convertible Securities) shall be less than the Conversion Price in effect immediately prior to the time of such issue or sale, then the total maximum number of shares of Common Stock issuable upon conversion or exchange of all such Convertible Securities shall be deemed to have been issued for such price per share as of the date of the issue or sale of such Convertible Securities and thereafter shall be deemed to be outstanding; provided that (a) except as otherwise provided in Section 5(d)(i)(C), no adjustment of the Conversion Price shall be made upon the actual issue of such Common Stock upon conversion or exchange of such Convertible Securities and (b) if any such issue or sale of such Convertible Securities is made upon exercise of any Options to purchase any such Convertible Securities for which adjustments of the Conversion Price have been or are to be made pursuant to other provisions of this Section 5(d)(i), no further adjustment of the Conversion Price shall be made by reason of such issue or sale.

(C) Change in Option Price or Conversion Rate. Upon the happening of any of the following events, namely, if (1) the purchase price or exercise price provided for in any Option referred to in Section 5(d)(i)(A), (2) the number of shares into which the Option is exercisable, (3) the additional consideration, if any, payable upon the conversion or exchange of any Convertible Securities referred to in Section 5(d)(i)(A) or (B), or (4) the rate at which Convertible Securities referred to in Section 5(d)(i)(A) or (B) are convertible into or exchangeable for Common Stock shall change at any time (including, but not limited to, changes under or by reason of provisions designed to protect against dilution), the Conversion Price in effect at the time of such event shall forthwith be readjusted to the Conversion Price which would have been in effect at such time had such Options or Convertible Securities still outstanding provided for such changed purchase price, additional consideration or conversion rate, as the case may be, at the time initially granted, issued or sold.

(D) Stock Dividends. In case the Corporation shall declare a dividend or make any other distribution upon any stock of the Corporation (other than Common Stock, Series A Preferred Stock or Series B Preferred Stock) payable in Common Stock, then any Common Stock issuable in payment of such dividend or distribution shall be deemed to have been issued or sold for \$.001 per share, unless the holders of at least 66 2/3% of the then outstanding Series B Preferred Stock shall have consented to such dividend or distribution.

(E) Consideration for Stock. In case any shares of Common Stock, Options or Convertible Securities shall be issued or sold for cash, the consideration received therefor shall be deemed to be the amount received by the Corporation therefor, without deduction therefrom of any expenses incurred or any underwriting commissions or concessions paid or allowed by the Corporation in connection therewith. In case any shares of Common Stock, Options or Convertible Securities shall be issued or sold for a consideration other than cash, the amount of the consideration other than cash received by the Corporation shall be deemed to be the fair value of such consideration as determined in good faith by the Board, without deduction of any expenses incurred or any underwriting commissions or concessions paid or allowed by the Corporation in connection therewith. In case any Options shall be issued in connection with the issue and sale of other securities of the Corporation, together comprising one integral transaction in which no specific consideration is allocated to such Options by the parties thereto, such Options shall be deemed to have been issued for such consideration as determined in good faith by the Board.

(F) Record Date. In case the Corporation shall take a record of the holders of its Common Stock for the purpose of entitling them (i) to receive a dividend or other distribution payable in Common Stock, Options or Convertible Securities or (ii) to subscribe for or purchase Common Stock, Options or Convertible Securities, then such record date shall be deemed to be the date of the issue or sale of the shares of Common Stock deemed to have been issued or sold upon the declaration of such dividend or the making of such other distribution or the date of the granting of such right of subscription or purchase, as the case may be.

(G) Treasury Shares. The number of shares of Common Stock outstanding at any given time shall not include shares owned or held by or for the account of the Corporation, and the disposition of any such shares shall be considered an issue or sale of Common Stock for the purpose of this Section 5(d)(i).

(ii) Certain Issues Excepted. Anything herein to the contrary notwithstanding, the Corporation shall not be required to make any adjustment of the Conversion Price in the case of the issuance or sale from and after the date of filing of this Certificate of Designations of Anti-Dilution Excluded Securities (as defined below).

(iii) Adjustments for Subdivisions, Common Stock Dividends, Combinations or Consolidations of Common Stock. If the outstanding shares of Common Stock shall be subdivided or increased, by stock split, stock dividend or otherwise, into a greater number of shares of Common Stock, the Conversion Price shall concurrently with the effectiveness of such subdivision or payment of such stock dividend, be proportionately decreased. If the outstanding shares of Common Stock shall be combined or consolidated, by reclassification or otherwise, into a lesser number of shares of Common Stock, the Conversion Price shall, concurrently with the effectiveness of such combination or consolidation, be proportionately increased.

(iv) Adjustments for Reclassification, Exchange and Substitution. If the Common Stock issuable upon conversion of the Series B Preferred Stock shall be changed into the same or a different number of shares of any other class or classes of stock, whether by capital reorganization, reclassification or otherwise (other than a subdivision or combination of shares provided for above), the Conversion Price shall, concurrently with the effectiveness of such reorganization or reclassification, be proportionately adjusted such that the Series B Preferred Stock shall be convertible into, in lieu of the number of shares of Common Stock which the holders would otherwise have been entitled to receive, a number of shares of such other class or classes of stock equivalent to the number of shares of Common Stock that would have been subject to receipt by the holders upon conversion of the Series B Preferred Stock immediately before that change.

(v) Adjustments for Merger, Sale, Lease or Conveyance. In case of any share exchange, reorganization, consolidation with or merger of the Corporation with or into another corporation, or in case of any sale, lease, conveyance or disposition to another Corporation of the assets of the Corporation as an entirety or substantially as an entirety, which is not treated as a liquidation, dissolution or winding up pursuant to Section 4(d) above, the Series B Preferred Stock shall after the date of such share exchange, reorganization, consolidation, merger, sale, lease, conveyance or disposition be convertible into the number of shares of stock or other securities or property (including cash) to which the Common Stock issuable (at the time of such consolidation, merger, sale, lease, conveyance or disposition) upon conversion of the Series B Preferred Stock would have been entitled upon such share exchange, reorganization, consolidation, merger, sale, lease, conveyance or disposition; and in any such case, if necessary, the provisions set forth herein with respect to the rights and interests thereafter of the holders of the Series B Preferred Stock shall be appropriately adjusted so as to be applicable, as nearly as may reasonably be, to any shares of stock or other securities or property thereafter deliverable on the conversion of the shares of Series B Preferred Stock.

(vi) Fractional Shares. If any adjustment under this Section 5(d) would create a fractional share of Common Stock or a right to acquire a fractional share of Common Stock, such fractional share shall be rounded to the nearest whole number of shares with one-half share being rounded up.

(vii) Notice of Adjustment. Concurrent with any adjustment pursuant to this Section 5(d), the Corporation shall provide prompt notice to the holders of Series B Preferred Stock notifying such holders of any such adjustment.

Section 6. Voting Rights. Except to the extent otherwise expressly provided by law and in Section 7, the Series B Preferred Stock shall vote together with all other classes and series of voting stock of the Corporation as a single class on all actions to be taken by the stockholders of the Corporation. Each share of Series B Preferred Stock shall entitle the holder thereof to the number of votes equal to the number of shares of Common Stock into which each share of Series B Preferred Stock is convertible (determined without regard to Section 5(c)(iv)) on all matters to be voted on by the stockholders of the Corporation; provided, however, that solely for purposes of this Section 6, the number of votes for each share of Series B Preferred Stock shall not exceed the number of shares of Common Stock into which each share of Series B Preferred Stock would be convertible if the applicable Conversion Price were \$6.50 (subject to appropriate adjustment for stock splits, stock dividends, combinations and other similar recapitalizations affecting such shares).

Section 7. Protective Provisions. The Corporation shall not, without first obtaining the written consent of the holders of at least a majority of the then outstanding shares of Series B Preferred Stock voting as a separate class:

(i) increase or decrease the total number of authorized shares of Series B Preferred Stock or the authorized shares of Common Stock reserved for issuance upon conversion of the Series B Preferred Stock (except as otherwise required by the Charter or this Certificate of Designations);

(ii) increase or decrease the number of authorized shares of Preferred Stock or Common Stock (except any increase or decrease in the number of authorized shares of Series A Preferred Stock and the shares of Common Stock into which they are convertible, and as otherwise required by the Charter and this Certificate of Designations);

(iii) alter, amend, repeal, substitute or waive any provision of the Charter or the Corporation's bylaws, so as to affect adversely the voting powers, preferences or other rights, including, without limitation, the liquidation preferences, dividend rights, conversion rights, redemption rights or any reduction in the stated value of the Series B Preferred Stock, whether by merger, consolidation or otherwise;

(iv) authorize, create, issue or sell any Senior Securities or any Parity Securities (other than additional shares of Series A Preferred Stock that may be issued as a dividend on the Series A Preferred Stock pursuant to Section 3(a) of the Certificate of Designations, Powers, Preferences and Rights of the Series A Preferred Stock (the "**Series A Preferred Certificate of Designations**")) or securities that are convertible into Senior Securities or Parity Securities with respect to voting, dividend, liquidation or redemption rights, including subordinated debt;

(v) authorize, create, issue or sell any Junior Securities other than Common Stock or securities that are convertible into Junior Securities other than Common Stock with respect to voting, dividend, liquidation or redemption rights, including subordinated debt;

(vi) authorize, create, issue or sell any Series B Preferred Stock other than the Series B Preferred Stock authorized, created, issued and sold pursuant to the Purchase Agreement and Series B Preferred Stock issued in replacement or exchange therefore;

(vii) engage in a Transaction which would result in an Internal Rate of Return to holders of Series B Preferred Stock of less than 25.00%;

(viii) declare or pay any dividends or distributions on the capital stock of the Corporation in a cumulative amount in excess of the dividends and distributions paid on the Series A Preferred Stock and the Series B Preferred Stock in accordance with their respective Certificates of Designations;

(ix) authorize or effect the voluntary liquidation, dissolution, recapitalization, reorganization or winding up of the business of the Corporation;

(x) purchase, redeem or otherwise acquire any capital stock of the Corporation other than Series A Preferred Stock or Series B Preferred Stock, or any warrants or other rights to subscribe for or to purchase, or any options for the purchase of, capital stock of the Corporation or securities convertible into or exchangeable for capital stock of the Corporation; or

(xi) unless the Corporation has obtained stockholder approval of the transactions contemplated by the Purchase Agreement pursuant to NASDAQ Marketplace Rule 4350(i), issue or sell, or engage in any transaction wherein the Corporation shall have been deemed to have issued or sold, any shares of Common Stock or securities convertible into Common Stock for a consideration per share that, as a result of the provisions of Section 5(d)(i), would result in the issuance of Common Stock upon conversion of the Series B Preferred Stock in excess of the Conversion Limitation.

Section 8. Status of Converted Stock. In the event any shares of Series B Preferred Stock shall be converted pursuant to Section 5 hereof, the shares so converted shall be canceled, shall return to the status of authorized but unissued Preferred Stock of no designated series, and shall not be issuable by the Corporation as Series B Preferred Stock.

Section 9. Preemptive Rights.

(a) So long as at least 50% of the shares of Series B Preferred Stock remain outstanding, the Corporation shall not issue, sell or exchange, agree to issue, sell or exchange, or reserve or set aside for issuance, sale or exchange, (i) any shares of the capital stock of the Corporation (excluding any shares of Series A Preferred Stock and any shares of Common Stock issuable upon conversion of Series A Preferred Stock), (ii) any option, warrant or other right to subscribe for, purchase or otherwise acquire any capital stock of the Corporation, or (iii) any securities convertible into capital stock of the Corporation (collectively, but not including any Series A Preemptive Rights Securities (as defined below), the “**Offered Securities**”), unless in each such case the Corporation shall have first complied with this Section 9; provided, however, that (x) the preemptive rights of any holder of Series B Preferred Stock shall not include rights with respect to any securities of the Corporation as to which any holder of Series A Preferred Stock has exercised its rights (the “**Series A Preemptive Rights Securities**”) and (y) the preemptive rights of the holder of Series B Preferred Stock shall not arise or be exercisable until after all holders of Series A Preferred Stock have exercised their preemptive rights, in whole or in part, or declined to exercise such rights. The Corporation shall deliver to each holder of the Series B Preferred Stock a written notice of any proposed, intended or potential (i.e., in the event the holders of the Series A Preemptive Rights Securities elect not to exercise any or all of their preemptive rights with respect to the Series A Preemptive Rights Securities) issuance, sale or exchange of Offered Securities (the “**Offer**”), which Offer shall (i) identify and describe the Offered Securities, (ii) describe the price and other terms upon which they are to be issued, sold or exchanged, and the number or amount of the Offered Securities to be issued, sold or exchanged, (iii) identify the persons or entities (if known) to which or with which the Offered Securities are to be offered, issued, sold or exchanged, and (iv) offer to issue and sell to or exchange with such holder of the Series B Preferred Stock (A) a pro rata portion of the Offered Securities determined by dividing (x) the aggregate number of shares of Common Stock then held by such holder of the Series B Preferred Stock (giving effect to the conversion of all shares of convertible preferred stock then held by such holder) by (y) the total number of shares of Common Stock then held by all holders of the Series B Preferred Stock (giving effect to the conversion of all outstanding shares of convertible preferred stock then held by such holders) (such pro rata portion of the Offered Securities, the “**Basic Amount**”), and (B) any additional portion of the Offered Securities attributable to the Basic Amounts of other holders of the Series B Preferred Stock as such holder shall indicate it will purchase or acquire should the other holders subscribe for less than their Basic Amounts (the “**Undersubscription Amount**”).

(b) To accept an Offer, in whole or in part, a holder of the Series B Preferred Stock must deliver a written notice to the Corporation prior to the end of the 30-day period of the Offer, setting forth the portion of the holder's Basic Amount that such holder elects to purchase and, if such holder shall elect to purchase all of its Basic Amount, the Undersubscription Amount (if any) that such holder elects to purchase (the "**Notice of Acceptance**"). If the Basic Amounts subscribed for by all holders of the Series B Preferred Stock are less than the total of all of the Basic Amounts available for purchase, then each holder who has set forth an Undersubscription Amount in its Notice of Acceptance shall be entitled to purchase, in addition to the Basic Amounts subscribed for, the Undersubscription Amount it has subscribed for; provided, however, that if the Undersubscription Amounts subscribed for exceeds the difference between the total of all of the Basic Amounts available for purchase and the Basic Amounts subscribed for (the "**Available Undersubscription Amount**") each holder of Series B Preferred Stock who has subscribed for any Undersubscription Amount shall be entitled to purchase only that portion of the Available Undersubscription Amount as the Undersubscription Amounts subscribed for by such holder bears to the total Undersubscription Amounts subscribed for by all holders of the Series B Preferred Stock, subject to rounding by the Board to the extent it deems reasonably necessary.

(c) The Corporation shall have 90 days from the expiration of the period set forth in Section 9(b) to issue, sell or exchange all or any part of such Offered Securities as to which a Notice of Acceptance has not been given by the holders of the Series B Preferred Stock (the "**Refused Securities**"), but only to the offerees or purchasers described in the Offer (if so described therein) and only upon terms and conditions (including, without limitation, unit prices and interest rates) which are not more favorable, in the aggregate, to the acquiring person or persons or less favorable to the Corporation than those set forth in the Offer.

(d) In the event the Corporation shall propose to sell less than all the Refused Securities (any such sale to be in the manner and on the terms specified in Section 9(c)), then each holder of the Series B Preferred Stock may, at its sole option and in its sole discretion, reduce the number or amount of the Offered Securities specified in its Notice of Acceptance to an amount that shall be not less than the number or amount of the Offered Securities that the holder of the Series B Preferred Stock elected to purchase pursuant to Section 9(b) multiplied by a fraction, (i) the numerator of which shall be the number or amount of Offered Securities the Corporation actually proposes to issue, sell or exchange (including Offered Securities to be issued or sold to Purchasers pursuant to Section 9(b) prior to such reduction), plus the number or amount of the Series A Preemptive Rights Securities, if any, and (ii) the denominator of which shall be the original amount of the Offered Securities plus the number or amount of the Series A Preemptive Rights Securities, if any. In the event that any holder of the Series B Preferred Stock so elects to reduce the number or amount of Offered Securities specified in its Notice of Acceptance, the Corporation may not issue, sell or exchange more than the reduced number or amount of the Offered Securities unless and until such securities have again been offered to the Purchasers in accordance with Section 9(a).

(e) Upon the closing of the issuance, sale or exchange of all or less than all of the Refused Securities, the holders of the Series B Preferred Stock shall acquire from the Corporation, and the Corporation shall issue to the holders of the Series B Preferred Stock, the number or amount of Offered Securities specified in the Notices of Acceptance, as reduced pursuant to Section 9(d) if the holders have so elected, upon the terms and conditions specified in the Offer. The purchase by the holders of the Series B Preferred Stock of any Offered Securities is subject in all cases to the preparation, execution and delivery by the Corporation and the holders of a purchase agreement relating to such Offered Securities satisfactory in form and substance to the holders of the Series B Preferred Stock and their respective counsel.

(f) Any Offered Securities not acquired by the holders of the Series B Preferred Stock or other persons in accordance with Section 9(c) may not be issued, sold or exchanged until they are again offered to the holders of the Series B Preferred Stock under the procedures specified in this Section 9.

(g) The rights of the holders of the Series B Preferred Stock under this Section 9 shall not apply to Preemptive Rights Excluded Securities.

(h) The failure of any holder of Series B Preferred Stock to exercise its rights under this Section 9 shall not be deemed to be a waiver of its rights hereunder in connection with any subsequent issuance, sale or exchange, agreement to issue, sell or exchange, or reservation or setting aside for issuance, sale or exchange of Offered Securities.

Section 10. Reservation of Stock. The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock, for the purpose of effecting the conversion of shares of Series B Preferred Stock issued or issuable to the holders, such number of shares of Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of Series B Preferred Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of Series B Preferred Stock, in addition to such other remedies as shall be available to the holder of Series B Preferred Stock, the Corporation shall take such corporate action as may, in the opinion of its counsel, be necessary to increase its authorized but unissued shares of Common Stock to such number as shall be sufficient for such purposes, including, without limitation, using best efforts to obtain stockholder approval of any necessary amendment to the Charter.

1. **Registration of Warrant.** The Company shall register this Warrant, upon records to be maintained by the Company for that purpose (the "Warrant Register"), in the name of the record Holder hereof from time to time. The Company may deem and treat the registered Holder of this Warrant as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes, absent actual notice to the contrary.

2. **Registration of Transfers.** The Company shall register the transfer of any portion of this Warrant in the Warrant Register, upon surrender of this Warrant, with the Form of Assignment attached hereto duly completed and signed, to the Company at its address specified herein. Upon any such registration or transfer, a new warrant to purchase Common Stock, in substantially the form of this Warrant (any such new warrant, a "**New Warrant**"), evidencing the portion of this Warrant so transferred shall be issued to the transferee and a New Warrant evidencing the remaining portion of this Warrant not so transferred, if any, shall be issued to the transferring Holder. The acceptance of the New Warrant by the transferee thereof shall be deemed the acceptance by such transferee of all of the rights and obligations of a holder of a Warrant.

3. Exercise and Duration of Warrants.

(a) This Warrant shall be exercisable by the registered Holder from time to time during the term commencing on the date that is six (6) months and one (1) day from the date hereof and ending on the date that is ten (10) years from the date hereof (the “**Expiration Date**”). At 5:00 P.M., California time on the Expiration Date, the portion of this Warrant not exercised prior thereto shall be and become void and of no value.

(b) A Holder may exercise this Warrant by delivering to the Company (i) an exercise notice, in the form attached hereto (the “**Exercise Notice**”), appropriately completed and duly signed, and (ii) payment of the Exercise Price for the number of Warrant Shares as to which this Warrant is being exercised, and the date such items are delivered to the Company (as determined in accordance with the notice provisions hereof) is an “**Exercise Date.**” The Holder shall not be required to deliver the original Warrant in order to effect an exercise hereunder. 4. Delivery of Warrant Shares.

Upon exercise of this Warrant, the Company shall promptly (but in no event later than five (5) Business Days after the Exercise Date) issue or cause to be issued and cause to be delivered to or upon the written order of the Holder and in such name or names as the Holder may designate, a certificate for the Warrant Shares issuable upon such exercise. For purposes of this Warrant, “**Business Day**” means any day other than Saturday, Sunday or other day on which commercial banks in the State of California are authorized or required by law to remain closed. The Holder, or any person so designated by the Holder to receive Warrant Shares, shall be deemed to have become holder of record of such Warrant Shares as of the Exercise Date. It is acknowledged and agreed that certificates evidencing such Warrant Shares may bear a restrictive legend in substantially the following form:

THESE SECURITIES HAVE NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION OR THE SECURITIES COMMISSION OF ANY STATE IN RELIANCE UPON AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR ANY APPLICABLE STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT OR PURSUANT TO AN AVAILABLE EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND IN COMPLIANCE WITH APPLICABLE STATE SECURITIES LAWS OR BLUE SKY LAWS.

This Warrant is exercisable, either in its entirety or, from time to time, for a portion of the number of Warrant Shares. Upon surrender of this Warrant following one or more partial exercises, the Company shall issue or cause to be issued, at its expense, a New Warrant evidencing the right to purchase the remaining number of Warrant Shares.

5. Charges, Taxes and Expenses. Issuance and delivery of certificates for shares of Common Stock upon exercise of this Warrant shall be made without charge to the Holder for any issue or transfer tax, transfer agent fee or other incidental tax or expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Company; provided, however, that the Company shall not be required to pay any tax which may be payable in respect of any transfer involved in the registration of any certificates for Warrant Shares or Warrants in a name other than that of the Holder. The Holder shall be responsible for all other tax liability that may arise as a result of holding or transferring this Warrant or receiving Warrant Shares upon exercise hereof.

6. **Replacement of Warrant.** If this Warrant is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation hereof, or in lieu of and substitution for this Warrant, a New Warrant, but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction and customary and reasonable bond or indemnity, if requested. Applicants for a New Warrant under such circumstances shall also comply with such other reasonable regulations and procedures and pay such other reasonable third-party costs as the Company may prescribe.

7. **Reservation of Warrant Shares.** The Company covenants that it will at all times reserve and keep available out of the aggregate of its authorized but unissued and otherwise unreserved Common Stock, solely for the purpose of enabling it to issue Warrant Shares upon exercise of this Warrant as herein provided, the number of Warrant Shares which are then issuable and deliverable upon the exercise of this entire Warrant, free from preemptive rights or any other contingent purchase rights of persons other than the Holder (after giving effect to the adjustments and restrictions of Section 8, if any). The Company covenants that all Warrant Shares so issuable and deliverable shall, upon the due exercise of this Warrant, and upon issuance of such Warrant Shares and the payment of the applicable Exercise Price in accordance with the terms hereof, be duly and validly authorized, issued and fully paid and nonassessable.

8. **Certain Adjustments.** The Exercise Price and number of Warrant Shares issuable upon exercise of this Warrant are subject to adjustment from time to time as set forth in this Section 8.

(a) **Stock Dividends and Splits.** If the Company, at any time while this Warrant is outstanding, (i) pays a stock dividend on its Common Stock or otherwise makes a distribution on any class of capital stock that is payable in shares of Common Stock, (ii) subdivides outstanding shares of Common Stock into a larger number of shares, or (iii) combines outstanding shares of Common Stock into a smaller number of shares, then in each such case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event. Any adjustment made pursuant to clause (i) of this subsection shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution, and any adjustment pursuant to clause (ii) or (iii) of this subsection shall become effective immediately after the effective date of such subdivision or combination.

(b) **Number of Warrant Shares.** Simultaneously with any adjustment to the Exercise Price pursuant to subsection (a) of this Section 8, the number of Warrant Shares that may be purchased upon exercise of this Warrant shall be adjusted proportionately, so that after such adjustment the aggregate Exercise Price payable hereunder for the adjusted number of Warrant Shares shall be the same as the aggregate Exercise Price in effect immediately prior to such adjustment.

(c) **Reclassification, Reorganization and Consolidation.** In case of any merger, consolidation, share exchange, reclassification, reorganization, or change in the capital stock of the Company (other than as a result of a subdivision, combination, or stock dividend provided for in Section 8(a) above) (each, a “**Change of Control**”), then the Company shall make appropriate provisions so that the Holder of this Warrant shall have the right at any time prior to the expiration of this Warrant to purchase, at a total price equal to that payable upon the exercise of this Warrant, the kind and amount of shares of stock and other securities and property receivable in connection with such Change of Control by a holder of the same number of Warrant Shares as were purchasable by the Holder of this Warrant immediately prior to such Change of Control. In any such case appropriate provisions shall be made with respect to the rights and interest of the Holder of this Warrant so that the provisions hereof shall thereafter be applicable with respect to any shares of stock or other securities and property deliverable upon exercise hereof, and appropriate adjustments shall be made to the purchase price per share payable hereunder, provided the aggregate purchase price shall remain the same. The Company will use commercially best efforts, upon the consummation of any such Change of Control, to ensure that the successor entity, if any (if other than the Company), resulting from such Change of Control agrees by written instrument, executed and mailed or delivered to the registered Holder hereof at the last address of such Holder appearing on the books of the Company, to assume the obligations of the Company under this Warrant.

(d) **Calculations.** All calculations under this Section 8 shall be made to the nearest cent or the nearest 1/100th of a share, as applicable. The number of shares of Common Stock outstanding at any given time shall not include shares owned or held by or for the account of the Company, and the disposition of any such shares shall be considered an issue or sale of Common Stock.

(e) **Notice of Adjustment.** When any adjustment is required to be made in the number or kind of shares purchasable upon exercise of this Warrant, or in the Exercise Price, the Company shall promptly notify the Holder of such event and of the number of Warrant Shares or other securities or property thereafter purchasable upon exercise of this Warrant.

9. **Payment of Exercise Price.** The Holder shall pay the Exercise Price in immediately available funds.

10. **Fractional Shares.** The Company shall not be required to issue or cause to be issued fractional Warrant Shares on the exercise of this Warrant. If any fraction of a Warrant Share would, except for the provisions of this Section 10, be issuable upon exercise of this Warrant, the number of Warrant Shares to be issued will be rounded up to the nearest whole share.

11. **Notices.** Any and all notices or other communications or deliveries hereunder (including without limitation any Exercise Notice) shall be in writing and shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number specified below prior to 5:00 p.m. (California time) on a Business Day, (ii) the next Business Day after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number specified below on a day that is not a Business Day or later than 5:00 p.m. (California time) on any Business Day, (iii) the Business Day following the date of mailing, if sent by nationally recognized overnight courier service, or (iv) upon actual receipt by the party to whom such notice is required to be given. (b) **Majority of the Registrable Securities.** As used in this Agreement, the term “Majority of the Registrable Securities” means more than 50% of the Registrable Securities being registered or, where the context requires, a majority in interest of the Registrable Securities.

3. **Demand Registration.**

(a) **Request for Registration.** Subject to the provisions of Section 3(b), at any time after the first anniversary of the Closing, (A) one or more holders of the Registrable Securities representing a Majority of the Registrable Securities may demand that the Company register all or part of its Registrable Securities under the Securities Act (a “**Demand Registration**”) on Form S-1 (or a similar form then in effect) promulgated by the Commission under the Securities Act, provided that the Company shall not be obligated to effect a Demand Registration (i) during the one hundred eighty (180) days period commencing with the date of any secondary public offering or (ii) if the Company delivers notice to the holders of Registrable Securities within thirty (30) days of any registration request of its intent to file a registration statement for a secondary public offering within sixty (60) days, during the period starting with the date sixty (60) days prior to the Company’s good faith estimate of the date of filing of, and ending on a date one hundred eighty (180) days after the date of such secondary public offering, provided that the Company is actively employing in good faith commercially best efforts to cause the registration statement covering such offering to become effective and (B) one or more holders of Registrable Securities representing a Majority of the Registrable Securities may request a Demand Registration on Form S-3 (or a similar form then in effect), provided that the Registrable Securities to be covered by any such Form S-3 shall be expected to result in aggregate gross proceeds of not less than \$1,000,000. Within ten (10) days after receipt of a demand, the Company will notify in writing all holders of Registrable Securities of the demand. Any holder who wants to include its Registrable Securities in the Demand Registration must notify the Company within ten (10) Business Days of receiving the notice of the Demand Registration. Except as provided in this Section 3, the Company will include in all Demand Registrations all Registrable Securities for which the Company receives the timely written requests for inclusion. Any such request to be included in a Demand Registration shall not be counted as a Demand Registration under this Section 3. All demands or requests made pursuant to this Section 3(a) must specify the number of Registrable Securities to be registered and the intended method of disposing of the Registrable Securities. The Company acknowledges that the plan of distribution contemplated by any such Registration Statement shall include offers and sales through underwriters or agents, offers and sales directly to investors, block trades and such other methods of offer and sale and that offers and sales may be on a continued or delayed basis under Rule 415. The Company will use its commercially best efforts to cause such Registration Statement to be declared effective by the Commission and to remain effective until such time as all of the shares of Common Stock designated thereunder are sold or the holders thereof are entitled to rely on Rule 144 for sales of Registrable Securities without registration under the Securities Act and without compliance with the public information, sales volume, manner of sale or notice requirements of Rule 144(c), (e), (f) or (h). The Company acknowledges that at the time the Company files any Registration Statement pursuant to this Section 3 the number of Registrable Securities may not be fixed due to the antidilution and other provisions related to the Shares (“**Adjustment Provisions**”). Accordingly, the Company agrees that it will register the number of Conversion Shares, Warrant Shares and Note Warrant Shares held by or issuable to the Investor as of the date of the filing of the Registration Statement and, to the extent permitted under the applicable rules under the Securities Act, the additional number of shares of Common Stock issuable pursuant to the Adjustment Provisions. The Company agrees that, thereafter, it will file, as soon as practicable but in no event later than thirty (30) days after the issuance of additional Registrable Securities that are not covered by such Registration Statement (due to the effect of the Adjustment Provisions) such amendments and/or supplements to the Registration Statement, and such additional Registration Statements as are necessary in order to ensure that at least 100% of the Conversion Shares, Warrant Shares and Note Warrant Shares held by or issuable to the Investor are included in a Registration Statement, and the Company will use its commercially best efforts to cause such amendments, supplements and additional Registration Statements to be declared effective within ninety (90) days following the issuance of such additional Registrable Securities that are not otherwise covered by an effective Registration Statement.

(b) **Number of Demands.** The holders of Registrable Securities shall have the right to two (2) Demand Registrations on Form S-1 (or a similar form then in effect) and shall have the right to an unlimited number of Demand Registrations on Form S-3 (or a similar form then in effect); provided, however, that the Company shall not be obligated to effect more than one (1) Demand Registration on Form S-3 in any calendar year.

(c) **Registration Expenses.** The Company shall pay or reimburse to the holders of the Registrable Securities included in a Demand Registration all Registration Expenses of those holders in connection with any Demand Registration (including the reasonable fees and disbursements of one counsel for such holders in connection with each such Demand Registration not to exceed \$25,000 per registration, as described in Section 6).

(d) **Selection of Underwriters; Priority on Demand Registrations.** If the holders of Registrable Securities initiating a Demand Registration intend to distribute Registrable Securities covered by their request by means of an underwriting, such holders shall, after consultation with the Company, select the investment banker(s) and manager(s) that will administer the offering; provided, that the Company shall have given its prior written consent to such selection (which consent shall be not unreasonably withheld). The Company and the holders of Registrable Securities whose shares are being registered shall enter into a customary underwriting agreement with such investment banker(s) and manager(s).

If the managing underwriter advises the Company, in writing or otherwise, that an underwriters' over-allotment option, not in excess of fifteen percent (15%) of the total offering to be so effected, is necessary or desirable for the marketing of such offering, all Registrable Securities which are to be included in such offering pursuant to this Section 3(d) and any other securities shall be allocated pro rata to the primary portion of such offering and the underwriters' over-allotment portion on the basis of the total number of Registrable Securities and other securities requested to be included in the registration.

Notwithstanding any other provision of this Section 3, if the managing underwriter advises the Company, in writing or otherwise, that the total number or dollar amount of securities requested to be included in the registration exceeds the number or dollar amount of securities that can be sold, the Company will include the securities in the registration in the following order of priority: (i) first, among all holders requesting to include Registrable Securities in the Demand Registration (allocated pro rata among the holders of Registrable Securities requested to be included in the registration, on the basis of the dollar amount or number of Registrable Securities requested to be included, as the case may be); (ii) second, any other securities (provided they are of the same class as the securities sold by the Company) requested to be included, allocated among the holders of such securities in such proportions as the Company and those holders may agree; and (iii) third, to the Company for its account.

If any holder of Registrable Securities (other than the holder making the demand) disapproves of the terms of the underwriting, such holder may withdraw therefrom by giving written notice to the Company and the managing underwriter.

(e) **Delay in Filing.** Notwithstanding the foregoing, the Company may delay in filing a registration statement in connection with a Demand Registration and may withhold efforts to cause the registration statement to become effective, if the Company determines in good faith that such registration might involve initial or continuing disclosure obligations that the Board of Directors of the Company determines, in good faith, will not be in the best interest of the Company's stockholders. The Company may exercise such right to delay or withhold efforts not more than once in any twelve (12) month period and for not more than ninety (90) days at a time. If, after a registration statement becomes effective, the Company advises the holders of registered shares that the Company considers it appropriate for the registration statement to be amended, the Company shall use its best efforts to amend such registration statement, and the holders of such shares shall suspend any further sales of their registered shares until the Company advises them that the amended registration statement has been declared effective.

(f) **Effective Demand Registration.** A registration shall not constitute a Demand Registration until it has become effective and remains continuously effective for the lesser of (i) the period during which all Registrable Securities registered in the Demand Registration are sold and (ii) three hundred sixty (360) days; provided, however, that a registration shall not constitute a Demand Registration if (x) after such Demand Registration has become effective, such registration or the related offer, sale or distribution of Registrable Securities thereunder is interfered with by any stop order, injunction or other order or requirement of the Commission or other governmental agency or court for any reason not attributable to the holder requesting the Demand Registration and such interference is not thereafter eliminated, or (y) the conditions specified in the underwriting agreement, if any, entered into in connection with such Demand Registration are not satisfied or waived, other than by reason of a failure on the part of the holder requesting the Demand Registration.

4. **Piggyback Registrations.**

(a) **Right to Piggyback.** Whenever the Company proposes to register any of its securities in an underwritten offering under the Securities Act, whether for its own account or for the account of another stockholder (except for the registration of securities to be offered pursuant to an employee benefit plan on Form S-8, pursuant to a registration made on Form S-4 or any successor forms then in effect and except for the registration of securities held by Cascade Investment, L.L.C. ("**Cascade**") pursuant to the terms and conditions of that certain Registration Rights and Stockholders Agreement dated as of April 13, 2006 between the Company and Cascade) at any time other than pursuant to a Demand Registration and the registration form to be used may be used for the registration of the Registrable Securities (a "**Piggyback Registration**"), it will so notify in writing all holders of Registrable Securities no later than the earlier to occur of (i) the tenth (10th) day following the Company's receipt of notice of exercise of other demand registration rights, or (ii) forty-five (45) days prior to the anticipated filing date. Subject to the provisions of Section 4(c), the Company will include in the Piggyback Registration all Registrable Securities with respect to which the Company has received written requests for inclusion within fifteen (15) days after the issuance of the Company's notice. Such Registrable Securities may be made subject to an underwriters' over-allotment option, if so requested by the managing underwriter. The holders of Registrable Securities may withdraw all or any part of the Registrable Securities from a Piggyback Registration at any time before ten (10) business days prior to the effective date of the Piggyback Registration. In any Piggyback Registration, the Company, the holders of Registrable Securities and any Person who hereafter becomes entitled to register its securities in a registration initiated by the Company must sell their securities on the same terms and conditions. A registration of Registrable Securities pursuant to this Section 4 shall not be counted as a Demand Registration pursuant to Section 3.

(b) **Piggyback Expenses.** The Company shall pay or reimburse to the holders of the Registrable Securities included in a Piggyback Registration all Registration Expenses of those holders in connection with the Piggyback Registration (including the reasonable fees and disbursements of one counsel for such holders in connection with each such Piggyback Registration not to exceed \$25,000 per Piggyback Registration, as described in Section 6).

(c) **Underwriting; Priority on Piggyback Registrations.** The right of any such holder to be included in an underwritten registration pursuant to this Section 4 shall be conditioned upon such holder's participation in such underwriting and the inclusion of such holder's Registrable Securities in the underwriting to the extent provided herein. All holders proposing to distribute their Registrable Securities through such underwriting shall enter into an underwriting agreement in customary form with the underwriter or underwriters selected for such underwriting by the Company. If the managing underwriter gives the Company its written opinion that the total number or dollar amount of securities requested to be included in the registration exceeds the number or dollar amount of securities that can be sold, the Company will include the securities in the registration in the following order of priority: (i) first, subject to the first proviso below, all securities the Company or the stockholder, if any, on whose account securities are being registered proposes to sell; (ii) second, subject to the first proviso below, up to the full number or dollar amount of Registrable Securities requested to be included in the registration (allocated pro rata among the holders of Registrable Securities requested to be included in the registration, on the basis of the dollar amount or number of Registrable Securities requested to be included, as the case may be); and (iii) third, any other securities (provided they are of the same class as the securities sold by the Company) requested to be included, allocated among the holders of such securities in such proportions as the Company and those holders may agree; provided, however, that at least twenty percent (20%) of the Registrable Securities requested to be included in such registration shall be included in the offering; provided, further, that, (i) the holders of Registrable Securities shall not be subject to any cutback in the amount of Registrable Securities requested to be included in the registration unless all other holders of securities requesting to be included in such registration other than the stockholder, if any, on whose account securities are being registered have been excluded from such registration. In the event that the managing underwriter advises the Company that an underwriters' over-allotment option is necessary or advisable, the allocation provided for in this Section 4(c) shall apply to the determination of which securities are to be included in the registration of such shares. Except with the prior written consent of each holder of Registrable Securities, the Company shall not grant to any holder of the Company's securities any right to Piggyback Registration which would reduce the amount of Registrable Securities includable in such registration.

(d) **Selection of Underwriters.** If any Piggyback Registration is an underwritten offering, the Company will select as the investment banker(s) and manager(s) that will administer the offering a nationally recognized investment banker(s) and manager(s) with demonstrable industry-specific expertise and experience. The Company and the holders of Registrable Securities whose shares are being registered shall enter into a customary underwriting agreement with such investment banker(s) and manager(s), provided, however, that the liability of any holder of Registrable Securities shall be limited to such holder's net proceeds received from the sale of its Registrable Securities in such offering and such limitation shall not be amended by an underwriting agreement or arrangement.

(e) **Right to Terminate Registration.** The Company shall have the right to terminate or withdraw any registration initiated by it under this Section 4 prior to the effectiveness of such registration whether or not any holder has elected to include securities in such registration. The Registration Expenses of such withdrawn registration shall be borne by the Company in accordance with Section 7.

5. **Registration Procedures.**

(a) **Obligations of the Company.** Whenever required to register any Registrable Securities, the Company shall as expeditiously as practicable:

(i) prepare and file with the Commission to permit a public offering and resale of the Registrable Securities under the Securities Act which offering may, if so requested, be on a delayed or continuous basis under Rule 415 a registration statement on the appropriate form and use commercially best efforts to cause the registration statement to become effective. At least ten (10) days before filing a registration statement or prospectus or at least three (3) Business Days before filing any amendments or supplements thereto, the Company will furnish to the counsel of the holders of a Majority of the Registrable Securities being registered copies of all documents proposed to be filed for that counsel's review and approval, which approval shall not be unreasonably withheld or delayed;

(ii) immediately notify each seller of Registrable Securities of any stop order threatened or issued by the Commission and take all actions reasonably required to prevent the entry of a stop order or if entered to have it rescinded or otherwise removed;

(iii) prepare and file with the Commission such amendments and supplements to the registration statement and the corresponding prospectus necessary to keep the registration statement effective, in the case of the registration required by Section 3 for the period provided in Section 3 and in any other case for one hundred twenty (120) days or such shorter period as may be required to sell all Registrable Securities covered by the registration statement; and comply with the provisions of the Securities Act with respect to the disposition of all securities covered by the registration statement during each period in accordance with the sellers' intended methods of disposition as set forth in the registration statement;

(iv) furnish to each seller of Registrable Securities a sufficient number of copies of the registration statement, each amendment and supplement thereto (in each case including all exhibits), the corresponding prospectus (including each preliminary prospectus), and such other documents as a seller may reasonably request to facilitate the disposition of the seller's Registrable Securities;

(v) use its commercially best efforts to register or qualify the Registrable Securities under securities or blue sky laws of jurisdictions in the United States of America as any seller requests within twenty (20) days following the original filing of a registration statement and do any and all other reasonable acts and things that may be necessary or advisable to enable the seller to consummate the disposition of the seller's Registrable Securities in such jurisdiction; provided, however, that the Company shall not be obligated to qualify as a foreign corporation to do business under the laws of any jurisdiction in which it is not then qualified or to file any general consent to service of process;

(vi) notify each seller of Registrable Securities, at any time when a prospectus is required to be delivered under the Securities Act, of any event as a result of which the prospectus or any document incorporated therein by reference contains an untrue statement of a material fact or omits to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which such statements were made, and use best efforts to prepare a supplement or amendment to the prospectus or any such document incorporated therein so that thereafter the prospectus will not contain an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which such statements were made;

(vii) cause all registered Registrable Securities to be listed on each securities exchange, if any, on which similar securities issued by the Company are then listed;

(viii) provide an institutional transfer agent and registrar and a CUSIP number for all Registrable Securities on or before the effective date of the registration statement;

(ix) enter into such customary agreements, including an underwriting agreement in customary form and take all other actions in connection with those agreements as the holders of a Majority of the Registrable Securities being registered or the underwriters, if any, reasonably request to expedite or facilitate the disposition of the Registrable Securities;

(x) make available for inspection by any seller of Registrable Securities, any underwriter participating in any disposition pursuant to the registration statement, and any attorney, accountant, or other agent of any seller or underwriter, all financial and other records, pertinent corporate documents, and properties of the Company, and cause the Company's officers, directors and employees to supply all information reasonably requested by any seller, underwriter, attorney, accountant, or other agent in connection with the registration statement; provided that an appropriate confidentiality agreement is executed by any such seller, underwriter, attorney, accountant or other agent;

(xi) in connection with any underwritten offering, obtain a "**comfort**" letter from the Company's independent public accountants in customary form and covering those matters customarily covered by "**comfort**" letters as the holders of a Majority of the Registrable Securities being registered or the managing underwriter reasonably requests, addressed to the underwriters and to the holders of the Registrable Securities being registered;

(xii) in connection with any underwritten offering, furnish an opinion of counsel representing the Company for the purposes of the registration, in the form and substance customarily given to underwriters in an underwritten public offering and reasonably satisfactory to counsel representing the holders of Registrable Securities being registered and the underwriter(s) of the offering, addressed to the underwriters and to the holders of the Registrable Securities being registered;

(xiii) use its best efforts to comply with all applicable rules and regulations of the Commission, and make available to its security holders, as soon as reasonably practicable, an earnings statement complying with the provisions of Section 11(a) of the Securities Act and covering the period of at least twelve (12) months, but not more than eighteen (18) months, beginning with the first month after the effective date of the Registration Statement;

(xiv) cooperate with each seller of Registrable Securities and each underwriter participating in the disposition of such Registrable Securities and their respective counsel in connection with any filings required to be made with the FINRA; and

(xv) take all other steps reasonably necessary to effect the registration of the Registrable Securities contemplated hereby.

(b) **Seller Information.** In the event of any registration by the Company, from time to time, the Company may require each seller of Registrable Securities subject to the registration to furnish to the Company information regarding such seller, the Registrable Securities held by them, and the distribution of the securities subject to the registration, and such seller shall furnish all such information reasonably requested by the Company.

(c) **Notice to Discontinue.** Each holder of Registrable Securities agrees by acquisition of such securities that, upon receipt of any notice from the Company of any event of the kind described in Section 5(a)(vi), the holder will discontinue disposition of Registrable Securities until the holder receives copies of the supplemented or amended prospectus contemplated by Section 5(a)(vi). In addition, if the Company requests, the holder will deliver to the Company (at the Company's expense) all copies, other than permanent file copies then in the holder's possession, of the prospectus covering the Registrable Securities current at the time of receipt of the notice. If the Company gives any such notice, the time period mentioned in Section 5(a)(iii) shall be extended by the number of days elapsing between the date of notice and the date that each seller receives the copies of the supplemented or amended prospectus contemplated in Section 5(a)(vi).

(d) **Notice by Holders.** Whenever the holders of Registrable Securities have requested that any Registrable Securities be registered pursuant to this Agreement, those holders shall notify the Company, at any time when a prospectus relating thereto is required to be delivered under the Securities Act, of the happening of any event concerning that holder of the Registrable Securities, as a result of which the prospectus included in the registration statement contains an untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

6. **Registration Expenses.** All costs and expenses incurred in connection with the Company's performance of or compliance with this Agreement (the "**Registration Expenses**") shall be paid by the Company as provided in this Agreement. The term "**Registration Expenses**" includes without limitation all registration filing fees, reasonable professional fees and other reasonable expenses of the Company's compliance with federal, state and other securities laws (including fees and disbursements of counsel for the underwriters in connection with state or other securities law qualifications and registrations), printing expenses, messenger, telephone and delivery expenses; reasonable fees and disbursements of counsel for the Company and for one counsel for the holders of Registrable Securities not to exceed \$25,000 per registration; reasonable fees and disbursement of the independent certified public accountants selected by the Company (including the expenses of any audit or "**comfort**" letters required by or incident to performance of the obligations contemplated by this Agreement); fees and expenses of the underwriters (excluding discounts and commissions); fees and expenses of any special experts retained by the Company at the request of the managing underwriters in connection with the registration; and applicable stock exchange and NASDAQ registration and filing fees. The term "**Registration Expenses**" does not include underwriting fees or commissions or transfer taxes, all of which shall be paid by each of the sellers of Registrable Securities with respect to the Registrable Securities sold by such seller.

7. **Indemnification.**

(a) **Indemnification by Company.** In the event of any registration of Registrable Securities under the Securities Act pursuant to this Agreement, to the full extent permitted by law, the Company agrees to indemnify and hold harmless each holder of Registrable Securities, its officers, directors, trustees, partners, employees, advisors and agents, and each Person who controls the holder (within the meaning of the Securities Act and the Exchange Act) against any and all losses, claims, damages, liabilities and expenses arising out of (i) any untrue or allegedly untrue statement of material fact contained in or incorporated by reference into any registration statement or any amendment thereof under which such Registrable Securities were registered under the Securities Act, any prospectus or preliminary prospectus contained therein or any amendment thereof or any omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, except to the extent the untrue statement or omission resulted from information that the holder furnished in writing to the Company expressly for use therein, and (ii) any failure to comply with any law, rule or regulation applicable to such registration. Such indemnity shall remain in full force and effect, regardless of any investigation made by such indemnified party, and shall survive the transfer of such Registrable Securities by such holder. In connection with a firm or best efforts underwritten offering, to the extent customarily required by the managing underwriter, the Company will indemnify the underwriters, their officers and directors and each Person who controls the underwriters (within the meaning of the Securities Act and the Exchange Act), to the extent customary in such agreements.

(b) **Indemnification by Holders of Securities.** In connection with any registration statement, each participating holder of Registrable Securities will furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any registration statement or prospectus. Each participating holder agrees, severally and not jointly, to indemnify and hold harmless, to the extent permitted by law, the Company, its directors, officers, trustees, partners, employees, advisors and agents, and each Person who controls the Company (within the meaning of the Securities Act and the Exchange Act) against any and all losses, claims, damages, liabilities and expenses arising out of any untrue or allegedly untrue statement of a material fact or any omission or alleged omission to state a material fact required to be stated in the registration statement or prospectus or any amendment thereof or supplement thereto necessary to make the statements therein not misleading, but only to the extent that the untrue statement or omission is contained in or omitted from any information or affidavit the holder furnished in writing to the Company expressly for use therein and only in an amount not exceeding the net proceeds received by the holder with respect to securities sold pursuant to such registration statement. Such indemnity shall remain in full force and effect, regardless of any investigation made by the Company, and shall survive the transfer of such Registrable Securities by such holder. In connection with a firm or best efforts underwritten offering, to the extent customarily required by the managing underwriter, each participating holder of Registrable Securities will indemnify the underwriters, their officers and directors and each Person who controls the underwriters (within the meaning of the Securities Act and the Exchange Act), to the same extent as it has indemnified the Company; provided, however, that the indemnity obligations of any holder contained in such agreement shall be limited to the amount of such holder's net proceeds received from the sale of its Registrable Securities in such offering.

(c) **Indemnification Proceedings.** Any Person entitled to indemnification under this Agreement will (i) give prompt notice to the indemnifying party of any claim with respect to which it seeks indemnification and (ii) unless in the indemnified party's reasonable judgment a conflict of interest may exist between the indemnified and indemnifying parties with respect to the claim, permit the indemnifying party to assume the defense of the claim with counsel reasonably satisfactory to the indemnified party. If the indemnifying party does not assume the defense, the indemnifying party will not be liable for any settlement made without its consent (but that consent may not be unreasonably withheld). No indemnifying party will consent to entry of any judgment or will enter into any settlement that does not include as an unconditional term thereof the claimant's or plaintiff's release of the indemnified party from all liability concerning the claim or litigation or which includes any non-monetary settlement. An indemnifying party who is not entitled to or elects not to assume the defense of a claim will not be under an obligation to pay the fees and expenses of more than one counsel for all parties indemnified by the indemnifying party with respect to the claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between the indemnified party and any other indemnified party with respect to the claim, in which event the indemnifying party shall be obligated to pay the fees and expenses of no more than one additional counsel for the indemnified parties.

(d) **Contribution.** If the indemnification provided for in Section 7(a) or (b) is unavailable to an indemnified party in respect of any losses, claims, damages, liabilities or expenses referred to therein, then each indemnifying party thereunder shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages, liabilities or expenses in such proportion as is appropriate to reflect the relative fault of the indemnified party and the indemnifying party in connection with the statements or omissions that resulted in such losses, claims, damages, liabilities or expenses, as well as any other relevant equitable considerations. The relative fault of the indemnified party and the indemnifying party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnified party and the indemnifying party and the parties' relative intent and knowledge.

The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 7(d) were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in the immediately preceding paragraph. Notwithstanding anything herein to the contrary, no participating holder of Registrable Securities acting as an indemnifying party shall be required to contribute any amount in excess of the amount by which the net proceeds of the offering (before deducting expenses, if any) received by such participating holder exceeds the amount of any damages that such participating holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation.

The obligations of the Company and the holders of Registrable Securities under this Section 7 shall survive the completion of any offering of Registrable Securities in a registration statement, including the termination of this Agreement.

8, **Rule 144.** With a view to making available to the holders the benefits of certain rules and regulations of the Commission which may permit the sale of the Registrable Securities to the public without registration, the Company agrees to use its commercially best efforts to:

(a) make and keep public information available, as those terms are understood and defined in Commission Rule 144 or any similar or analogous rule promulgated under the Securities Act, at all times after the date hereof;

(b) file with the Commission, in a timely manner, all reports and other documents required of the Company under the Exchange Act; and

(c) so long as a holder owns any Registrable Securities, furnish to such holder forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of said Rule 144 of the Securities Act, and of the Exchange Act; a copy of the most recent annual or quarterly report of the Company; and such other reports and documents as a holder may reasonably request in availing itself of any rule or regulation of the Commission allowing it to sell any such securities without registration.

9. **Participation in Underwritten Registration.** No Person may participate in any underwritten registration without (a) agreeing to sell securities on the basis provided in underwriting arrangements approved by the Persons entitled hereunder to approve such arrangements (the holders of Registrable Securities in a Demand Registration pursuant to Section 3(d) and the Company in a piggyback registration pursuant to Section 4(d)), and (b) completing and executing all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents required by the underwriting arrangements.
